products

spaceoasis®

Spaceoasis supplies a comprehensive range of furniture solutions for oasis spaces. This range guide is divided into the following colour coded product sections for easy reference. A footprint and product code is given against each product and is designed to be used in conjunction with the separate price list.

- 
- blue pods
 - green reception desks
 - pink resource hubs
 - teal fixed seating
 - orange modular seating
 - olive sofas and tubs
 - red tiered seating
 - yellow carrels
 - dark blue team desks
 - light blue tables
 - tan flexible screens & furniture
 - light green fixed screens

spaceoasis®

...meets all the requirements of contemporary workplace design by combining the economy and flexibility of a modular system with the robustness, customisation and choice of colours and finishes of a bespoke system.

We work with designers and clients to deliver stunning and dynamic furniture solutions for high impact space.

The Spaceoasis System

Pre-configured Ranges

This range guide showcases many of the products that we have developed together with designers and clients to meet their space planning, workspace design, branding and external expression requirements.

Each product range is scalable for both the number of users and the budget. As our range is now very large, our clients frequently select off the shelf pre-configured solutions.

Specification of Spaceoasis products is very simple because we provide full story board images, CAD blocks for space planning and a price list (on the CD or downloadable from www.spaceoasis.com).

Bespoke Solutions

We understand that there is not always a readily available off the shelf solution and we welcome the opportunity to work with you to create bespoke furniture designs. We can support this with CAD drawings and CGI visualisations.

Customisation

All Spaceoasis products are fully customisable with a wide range of laminate and fabric colours and finishes (standard laminate and fabric colour ranges are included on the website and CD). We can apply graphics where branding is a consideration.

Robustness

Spaceoasis furniture is supremely robust with an unblemished record in use in demanding public spaces over a ten year period. Consequently, Spaceoasis offers a lifetime warranty on all its screen and structural components (fabrics are covered by separate supplier warranties).
