## freechimes - Looks g

New in 2010 from Europe's largest manufacturer of outdoor musical instruments are Freechimes, an exciting and innovative new concept in playground music.

These 22 sleek aluminium chimes are hand tuned to the highest quality. Available individually as Solos, in preset octaves or a full symphony ranging from a towering 1.5m C3 up to the smallest C6 at just 0.5m.

Suitable for all ages the chimes can easily be fixed at the correct height for any player.

Freechimes have outstanding resistance to vandalism and all weather conditions.

| Soprano Pentatonic |

## ood, sounds like fun!

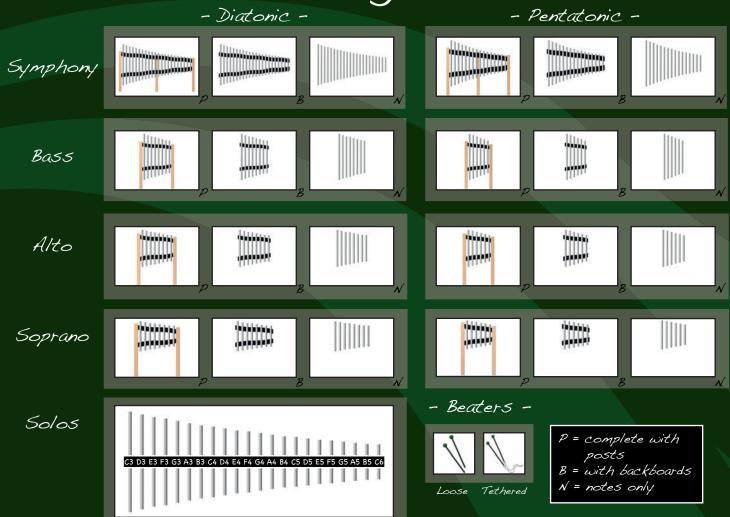

Beaters are available loose or tethered with a nylon coated steel cable which can be fixed next to the chimes.

What makes Freechimes unique is the universal mounting bracket, specifically developed by Freenotes to allow the chimes to be secured to just about any surface, in any arrangement. Precision tooled components allow the chimes to resonate without any dampening effect, resulting in an unmatched tonal quality.
