

tessera[®] arran

A luxurious heavyweight carpet tile designed for commercial, recreational and hospitality interiors, Arran takes the concept of linearity into an unusual new direction. Far from being formal and regimented, this floor covering is rugged, undulating and rich with visual interest and texture.

Arran's natural, almost 'artisan' appearance belies the complexity of its multi-height textured loop pile design and the state of the art manufacturing technology behind it. Using CMC Infinity machinery Forbo's designers have developed a carpet tile with unashamedly irregular peaks and furrows which broadlooms beautifully to deliver an alluringly tactile linear design offering real warmth.

Arran is offered in a broad range of eighteen colourways comprising natural and more vibrant tones to complement today's most contemporary interior environments. Each tile features a carefully blended duo of yarns, 100% solution dyed to ensure the subtle colour contrasts are maintained throughout the lifespan of the flooring, even in the most demanding environments subjected to intensive cleaning regimes.

For the ultimate in underfoot comfort, warmth, performance longevity and acoustic insulation, Arran can be installed with Softbac[®] backing, which will extend the standard ten year guarantee by five years.

Colour: 1517 umber & 1511 coffee laid linear

Orientation to suit your needs

Through the use of CMC technology, Arran has been cleverly designed to allow you to create two very different appearance finishes. Whether you are after a high design linear effect, or a rugged textural look, Arran carpet tiles can easily and stylishly meet your needs.

Arran avoids the market place 'norm' of high contrast colours to create the look of texture and instead boasts a broad tone-on-tone colour bank.

Colour: 1517 umber & 1511 coffee laid textural

Creating the designs

By simply changing the orientation of the fitting, two effects can be created by using the same tiles.

Both 'looks' are laid in a broadloom fashion, but are either laid across the main direction of traffic, or with the main direction of traffic as shown above.

Technical specifications

Arran carpet tiles meet the requirements of EN 1307

Description	Tufted multi-pile height loop carpet tile	
Dimensions	50cm x 50cm (Other sizes available for special orders)	
Total thickness	7.5mm ± 10%

Reaction to fire	EN 13501-1	B _{f1} -s1	CE EN 14041
Slip resistance	EN 13893	DS: ≥0.30	
Electrical resistance	EN 10965 & EN1815	<1 x 10 ⁹ Ω: Static dissipative. Body voltage: Pass (< 2kV)	

Installation and Maintenance

Shades may vary from batch to batch and should be checked before installation. Batches should not be mixed in the same location. All Tessera products are to be installed in full accordance with Forbo installation instructions and recognised trade standards.

Regular power vacuum cleaning is essential. Spills and surface stains can be removed by sponging with a damp cloth or, for more resistant stains, with a mild detergent solution. For full installation and cleaning and maintenance instructions please go to www.forbo-flooring.co.uk

Service Products

As a total flooring solutions provider, Forbo Flooring Systems provides a full range of products specially designed to support the installation of our floor coverings. For more information on these products, please contact your local Forbo Business Area Manager or visit www.forbo-flooring.co.uk

Our recommended adhesive for our collection of Tessera carpet tiles is 542 Eurofix Tack plus. Please contact customer services for more information. Forbo Flooring Systems reserves the right to improve the specification of its products without giving prior notice. Errors and omissions excepted.
