Burgers & Cocktails from Giraffe

Location: Castleford

Sector: Hospitality

Collection: Amtico Signature

Products & Laying Patterns: Composite Calcium, Paris and Helsinki – laid in a bespoke laying pattern

Burgers & Cocktails from Giraffe needed a colourful and funky flooring for a new 155m² restaurant in Xscape, Castleford – one of the largest entertainment venues in North West England.

Located on the ground floor of the complex, Burgers & Cocktails from Giraffe offers visitors a 'Californian surf vibe from 50s and 60s' or a chance to 'tuck in to delicious burgers and sweet potato fries while listening to some great music!'

The in-house design team at Giraffe worked with hospitality designers Harrison to create a bespoke geometric laying pattern using Composite Calcium, Paris

and Helsinki from Amtico's Signature collection.

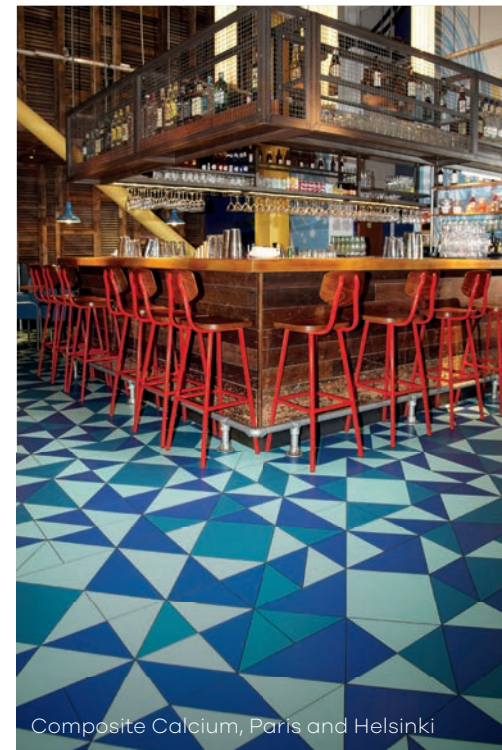

As a restaurant and bar in an extremely busy venue, the flooring needed to withstand high levels of footfall all year round. The luxury vinyl tiles from the Signature collection provided an easy to clean, hard wearing and affordable solution, while offering a stylish and creative flooring that reflected the brand's ideals.

Signature is our flagship collection of 163 products: 69 Woods, 43 Stones and 51 Abstracts.

This sophisticated collection combines original palettes, distinctive patterns and stunning details. The designed, high-performance LVT products have a total thickness of 2.5 mm and a 1 mm wear layer. Signature products also carry a 20 year warranty, providing added peace of mind for areas that receive high levels of footfall, such as restaurants.

Laying Pattern

Bespoke

Bold, creative and beautiful, the bespoke flooring pattern at Burgers and Cocktails was tailored to the project's individual requirements. Amtico's advanced cutting capabilities and unrivalled range of products turned a unique vision into reality.

The in-house creative team at Amtico provided advice on product choice, laying patterns and finishes, while CAD experts worked with the project's designers and client to perfect the design ready for manufacture.

“This new restaurant concept is highly visual and colourful, so the bar and restaurant spaces needed to be fresh and up-tempo. The use of Amtico has helped to ensure the areas are a clear reflection of the brand, while offering excellent durability for a venue that receives high levels of footfall all year round.”
