Mailboxes | Steel Doors | Secure Cabinets | Safes

Wall Application Front Delivery Front Retrieval - Horizontal Range

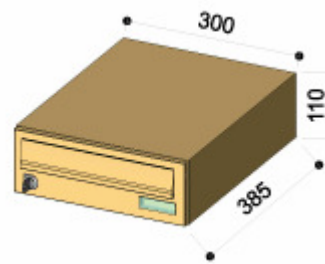

In most cases of front delivery and front retrieval, the mailboxes are mounted onto or flush into the wall. They can be positioned either outside against a wall or on an internal wall in a lobby.

These mailboxes are made of electro-galvanized steel with the door and flaps in aluminium or stainless steel. All mailboxes will take standard A4 size mail.

An internal anti-theft device is fitted as standard behind the flap and it also has good weatherproof features. All mailboxes have a lockable door with security lock complete with 2 numbered keys.

Accessories available include master keying / surrounds / stands / engraving and anti theft locks, please see accessories information for more details

Please consult us for all your Bespoke requirements
