

The beauty of wood  
brought to you

# COMPANY PROFILE

**W**elcome to Clifford Jones Timber and thank you for your interest in our products. Since 1948 our family business has been providing customers with exceptional timber products and services that have earned us an enviable reputation within the industry.

**O**ur in depth knowledge of the timber trade has seen us grow from a local timber merchant in my father's time - to one of the largest manufacturers of processed timber in the UK. Our major clients include Transco, Hyder Plc, Wimpey, Homebase, Forestry Enterprise and Local Authorities. We also supply to Fencing Contractors, Agricultural Merchants, Civil engineers and Garden Centres.

**F**rom machine round, peeled to sawn - we can accommodate all of your timber requirements with confidence. The secret of our success stems from our ability to adapt to the changing demands of the timber market. We have customers that have spanned three decades due to our commitment to top quality products, competitive pricing and first class customer service.

**O**ur Manufacturing Plant is based in Ruthin, North Wales. This ten acre site gave us the ideal room for growth. The late 20th century has seen us invest over one million pounds in capital equipment and employee development. This leaves us confident that our increased capacities will meet our customers growing demands.

# Clifford Jones Timber Fencing

**F**encing has been a speciality at Clifford Jones Timber for over 15 years. All the timber utilised for fencing is CCA pressure treated for a long lifespan and is of exceptional quality. We have a huge selection of fencing to suit any space from a field to a small garden.

**O**n site we manufacture Machine Round fencing rails and posts. This type of timber is extremely versatile, perfect for sturdy, robust fencing. We also manufacture top quality peeled round stakes and peeled half rounds use these if you want to create a more rustic look in the garden.

**W**e stock a comprehensive range of ready made panels on site - these include vertical board, waney lap and palisade panels. We also have a selection of trellis panels available in diamond and square design. All panels are available in a variety of sizes.

**A**t Clifford Jones Timber we are always keen to adapt to new trends and market demands, with this in mind we have a range of innovative fencing screens available using willow, hazel, bamboo, and machine rounds, they are simple to install and a fantastic addition to any garden.

**W**e supply all fixtures and fittings for hassle free installation, including concrete posts, galvanised metal posts, CCA pressure treated timber posts and gravel boards. Our experienced staff can advise you on your installation and the amount of materials needed. We can also arrange to have your fence installed by a Clifford Jones approved fitter.

**I**t couldn't be easier just supply us with your measurements and we will be happy to do the rest.

# Clifford Jones Gates

**A** wonderful collection of gates using high quality timber coupled with first class workmanship - an unbeatable combination for over 15 years.

**O**ur comprehensive range covers every requirement from the simple garden gate to superior handcrafted gates - each item made with outstanding craftsmanship and attention to detail.

**W**e stock a fantastic selection of top quality Field Gates, suitable for driveways, livestock enclosures and Equestrian Arenas. These can be acquired in Tropical Hardwood, Softwood, Oak or Galvanised. Our range of Estate Gates offers a luxurious entrance to any residence also available in Tropical Hardwood, Softwood and Oak.

**C**lifford Jones Timber Waney Edge Gates are extremely popular with our customers. They are most suitable for smaller entrances, such as garden gates, team them up with Waney Fencing Panels for a traditional cottage garden look. We have a comprehensive selection of standard sizes but are happy to custom make if required.

**W**e have a specialist joinery facility on site at Clifford Jones Timber. Here we can handcraft gates to any design or measurement. This benefits our customers by offering a unique design and consultation service. Please ask one of our sales advisors for further details.

**F**or your convenience we supply all iron work for hanging and latching including bolts, locks and fastenings. We are happy to provide a professional gate installation service for our customers.

**P**lease be reassured that all Clifford Jones Timber gates are manufactured using top quality hard and soft woods sourced from sustainable forests.

# Clifford Jones Garden Range

**E**nhance your garden naturally with our wonderful Welsh Timber products, all CCA pressure treated for a long lifespan and sourced from sustainable forests. From exquisite hardwood garden furniture to timber decking and rose arches we are confident you will find what you are looking for here.

**W**e have an excellent range of fencing panels to complement any garden. We stock the traditional panels including, waney, palisade, also vertical and featheredge boards. To brighten up a dull corner or bare wall try our trellis panels, available in diamond or square design. For a natural country garden look Willow or Hazel Screens are very successful additions to our product range. Clifford Jones Timber have a team of experienced staff to advise you on installation and are happy to install ourselves, so do please ask for further details.

**F**or the more ambitious gardener, machine round timber stakes can create a fantastic screen. We supply lengths from 0.9m to 3.66m so can accommodate almost any space. Machine round timber has the versatility for you to be really creative in the garden. Use it for steps, water features, retaining walls, seats..the list is endless - with your innovation and our product expertise you can have your dream garden.

**T**o define edges and borders invest in our log rolls, available in heights of 150mm to 300mm. Another great product for borders is Clifford Jones Timber bark, available in 80 litre bags - ideal as a weed suppressant for borders, garden paths and woodland trails. We do sell it loose and will deliver.

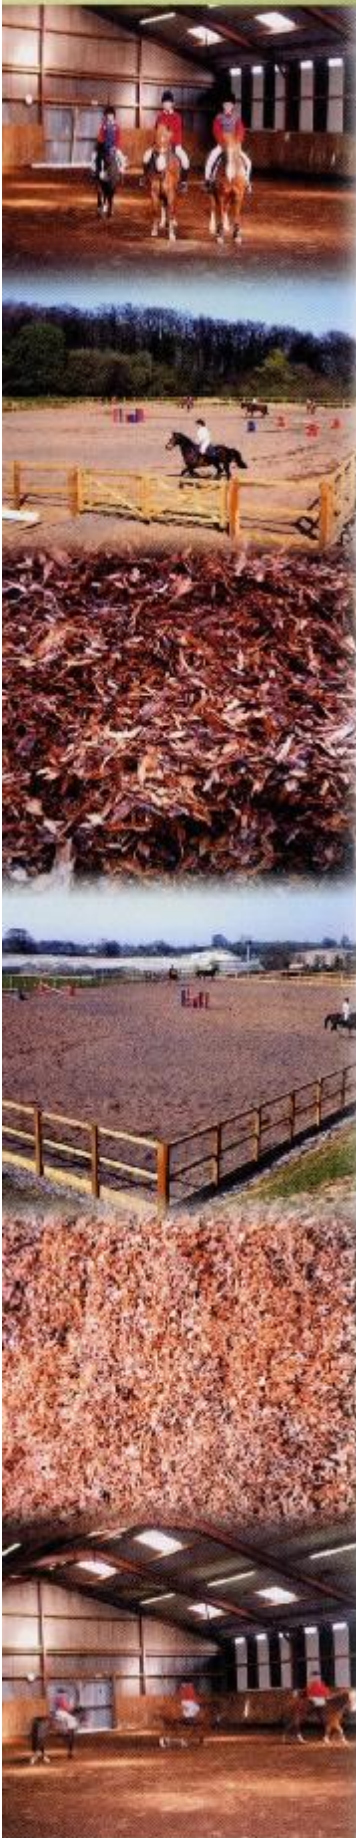

**O**ur latest product addition is Clifford Jones Timber Decking. We have invested in a specialist decking factory based on site - here we design and build all decks. The decking boards are manufactured using high quality soft wood, pressure treated with a minimum of 15 years guarantee. Peace of mind for you - exceptional quality from us. We are delighted to offer you a complete design and installation service with free pre-installation survey.

**A** play area for children is essential for many gardens - with their safety in mind we have a product perfect for soft landings - Play Woodchip. Use this underneath play equipment, it is resilient, aesthetically pleasing and most importantly safe. It has been awarded a BS7188 Critical Height Certificate.

**N**o garden is complete without beautiful garden furniture to complement it. In keeping with the natural beauty of your surroundings we have a range of exquisite soft and hardwood timber furniture. Perfect for a timber deck, patio or conservatory, our stunning furniture will really add the finishing touch to your dream garden.

# Clifford Jones Timber Equestrian Range

**A** service to suit all horse owners from small livery yard to major Equestrian Centres. We have the expertise and products for all your equestrian needs, from fencing to field gates, jump poles to surfacing.

**We** offer an exceptional Horse Package - an unique service where we advise you on all aspects of planning and erecting an Equestrian Arena, including fencing, gates, and surfacing. We also custom make jump poles from CCA pressure treated machine round timber any height or width. Our on site joinery facility will have them made and delivered within one week.

**F**or clients just requiring fencing we have a huge selection of top quality machined and peeled round stakes, half rounds, strainers and struts, it couldn't be easier, just inform our expertly trained fencing staff of the measurements and we will quote you accordingly including delivery and if required install the fencing for you.

**We** stock a fantastic selection of top quality Field Gates, in Tropical Hard wood, Soft wood, Oak or Galvanised, these can be delivered and /or fitted for you. We also custom make gates to your specific requirements, please ask our sales staff for further details.

**We** launched Impact surfacing 10 years ago and can advise you on a range of surfaces for your Arena. We currently manufacture excellent woodfibre products which have been awarded the BS7188 Critical Heights Certificate. Our range includes peelings, course woodchip, fine woodchip or a mixture. This can be bought loose or bagged for your convenience.

**C**lifford Jones Horse Bedding, launched in January 2000 has been a very successful product with our customers. The bedding is dried, baled wood shavings sold in 140 litre quantities at a very competitive price. The feedback we have had praises its easy maintenance, excellent absorbency and cost effectiveness. As with all our products, we do deliver.

# COMPANY PROFILE

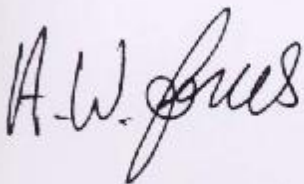

**W**e employ a designated timber buyer who will source the best quality timber from sustainable forests for our customers. We buy standing timbers and teams of felling contractors cut it to customer specification - benefiting our customers by speed of service and availability of stock.

**T**hroughout our expansion programmes at Clifford Jones Timber we have provided excellent products and service whilst helping to protect the environment. We have achieved the Sustainable Forest Award and BS7188 certification.

**W**e pride ourselves at Clifford Jones Timber on our ability to satisfy the timber demands of all industry sectors. Whether it be a garden fence or major contract, we are confident we will be able to fulfil your requirements.

**O**ur manufacturing plant is home to our two CCA pressure treatment tanks for which we are a Nominated Treater under the guidelines of BS EN ISO 9002. Our outstanding facility includes a fully automated MORBARK Pole Peeler, three Pole Rounding machines, Timber Decking factory, bark and mulch bagging facility and an on site joinery facility. We operate nationally with a Haulage Network to facilitate this.

We look forward to meeting you."

Alan Jones
