The finishing touches

Zip and Link

Because comfort is a matter of personal choice, there can be no 'right' or 'wrong' solutions. We have the best of both worlds. The Heritage Zip and Link facility enables different spring tensions to suit the preferences of each sleeping partner and offers the added ability to split a double bed into two singles when needed.

ReActive Pillows

Building on many years of expertise in pocket spring technology Hypnos has developed a revolutionary pocket spring pillow. The Hypnos ReActive Pillow consists of over 40 individual pocket springs wrapped in a layer of memory foam. It actively supports your head in the optimum position to help keep your spine straighter during sleep, regardless of how much you move in the night.

Unlike conventional pillows that need to be 'fluffed' up to regain their original feeling and comfort, the pocket spring construction allows Hypnos ReActive Pillows to instantly spring back into shape.

10 Year Warranty Registration

All Hypnos beds come with a 10 year quality warranty for the ultimate peace of mind.

By registering your warranty with Hypnos, you not only gain the ultimate confidence that any concerns with the quality of workmanship or materials will be resolved efficiently and quickly, but you will also receive additional information within a welcome pack, covering cleaning, care and turning advice, as well as special offers for you, your family and friends – a warranty registration card comes with your bed.

Our stockists are established businesses with a pedigree for bed retailing and friendly, knowledgeable staff.
