Recognising that everyone has personal design and style preferences, the Hypnos Headboard Collection enables beds to be tailored to the individual and to their interior bedroom decor.

A beautifully upholstered headboard provides a bold 'silhouetted' statement to frame your bed, creating a stunning focal point and finishing touch to both the bed and the bedroom.

Whether you are looking to simply add a new headboard to your existing bed to create a luxurious new look, or you are choosing a new bed and recognise the beauty of covering the headboard and divan in the same fabric for a truly stunning look, Hypnos can provide the perfect solution.
