ENTRANCE/FOYER MATTING

Welcome, come on in...

A clean and welcoming environment is essential for the success of any business, so with around 80% of dirt entering your building on the soles of people's shoes, an effective, efficient and attractive entrance matting system is more than just a good first step – it's a necessity.

To this end, at Jaymart, backed by over 40 years of experience and the world's largest collection of specialist mats and matting, we have developed a **4** stage entrance matting system (see overleaf) designed to not only keep your premises looking their very best, but that is itself, easy to clean and low maintenance.

The system can be tailored to your specific needs, taking into account the external environment, the type and volume of foot traffic your premises experience, and even which direction your door faces; and as ever with Jaymart, there are plenty of materials, styles and colours to choose from.

LOGO MATS 24

Our **4** step process to a cleaner environment

- Step 1** The best way to keep your premises clean is to stop dirt from even getting through the front door. Effective exterior matting scrapes clean and wipes dry, leaving the worst dirt and grit outside, and allowing subsequent interior matting to clean even better.
- Step 2** Working in a similar way to exterior matting, this is similarly tough and durable matting that carries on the work to remove the last of the most damaging soil and grit, and continue the drying process.
- Step 3** With the worst of the damp and debris now dealt with, secondary internal matting is a high-specification, high-performance product that finishes the dusting and drying.
- Step 4** The foyer is one of the highest traffic areas in your building so, however effective your entrance matting, easy to clean, highly durable and attractive carpet that always looks its best will help you make a great first impression – every time.

Jaymart are always available to discuss your particular situation, so if you want to enjoy walking in your front door every day, let us walk you through a Jaymart Four Stage entrance matting system.

Rubber Entrance Matting

BIGFOOT Indoor/outdoor heavy to extra heavy traffic

Ripple-ribbed rubber entrance matting. This 20mm thick, all rubber material has a deep wavy corrugated rib design that neatly and effectively scrapes the soles of shoes. Dirt, grit, water etc. are trapped deep below the walking surface. Easy to clean and guaranteed for 5 years.

For use in indoor or outdoor entrances and matwells.

ROLL SIZES: 5m x 80cm 5m x 100cm 5m x 120cm

COLOUR: Black

BRUSH-KLEEN Indoor/outdoor heavy traffic

Heavy duty, flexi-fingered, rubber Entrance Matting, highly effective at extracting dirt, dust, mud etc. from shoes irrespective of walking direction. The unusual sensation felt whilst walking on Brush-Kleen encourages pedestrians to wipe their feet. Also an effective anti-fatigue standing mat. Freestanding mats incorporate moulded anti-trip bevelled edges to all sides.

THICKNESS: 10mm (Roll only) and 16mm

MAT SIZES: 180cm x 90cm 120cm x 80cm 100cm x 80cm 80cm x 60cm
76cm x 45cm 60cm x 40cm 55cm x 38cm
(Sizes include edging. Mats available in 16mm only)

COLOUR: Black

ROLL SIZES: 10m x 1m x 10mm (Not edged) 8m x 1m x 16mm (Not edged)

COLOUR: Black

FLEXI-BRUSH Indoor/outdoor heavy traffic

Flexi-fingered freestanding rubber scraper entrance matting, particularly recommended for primary trapping of dirt, mud, snow, sand etc. The raised bevelled border edging on all 4 sides forms a matwell of its own, helping to contain and conceal moisture, dirt and dust etc., below the main walking surface.

MAT SIZES: 800 x 600mm 1000 x 800mm 1525 x 915mm 1830 x 915mm
(Sizes include edging)

COLOUR: Black

CROSS-FINGERS Indoor/outdoor heavy traffic

15mm

Flexi-Fingered rubber door mats with moulded anti-trip bevelled edges. Cross-fingers is an excellent dirt remover and an effective anti-fatigue standing mat.

MAT SIZES: 80cm x 60cm 100cm x 80cm 183cm x 91cm
(Sizes include edging)

COLOUR: Black

PATHFINDER & PACEMAKER Indoor/outdoor heavy traffic

12mm

Fine-ribbed rubber entrance matting. A fine ribbed matting particularly useful in areas where wheeled traffic is the norm. e.g. supermarket trolleys, wheelchairs etc. Pathfinder has many other applications including revolving door matwells.

PATHFINDER

ROLL SIZES: 6m x 120cm 6m x 135cm

COLOUR: Black

PACEMAKER

ROLL SIZE: 6m x 122cm

COLOUR: Black

MISSION Indoor/outdoor heavy traffic

9.5mm

Great for outside entrances, the TireTuff Mission is extra rugged and hard working. Molded parquet rib design acts as scrapers to remove heavy dirt and soil from shoes and provides an excellent anti-slip surface. Durable recycled rubber construction. Extra heavy base keeps mat in place. Easy to clean, just shake or hose off! Deep raised border holds water and dirt in the mat and off the floor.

MAT SIZES: 60cm x 90cm 90cm x 150cm 120cm x 180cm

COLOUR: Black

MATKANDU Indoor heavy to extra heavy traffic

Various

Broad-ribbed rubber entrance matting. This extremely hardwearing entrance matting will give years of service in heavy traffic internal entrance areas, e.g. Supermarkets, amusement arcades, public buildings, banks, leisure areas, factories etc. Its broad-ribbed surfacing scrapes and traps dirt effectively. Very easy to keep clean. Can also be used for other purposes, e.g. standing matting, leisure areas, weight training areas and horseboxes, subject to gauge.

THICKNESS: 10mm and 12mm

ROLL SIZES: 6m x 100cm 6m x 120cm 6m x 135cm

COLOURS: 10mm available in Black only
12mm available in Black or Grey

PICADOR Indoor/outdoor extra heavy traffic

23mm

Extra heavy duty rubber ring link matting. This indoor/outdoor all rubber mat is not only ideal for matwell areas but also for wet areas where a drainage facility is vital, e.g. ships, oil rigs, breweries, factories, etc. Spillages of dirt, mud, sand, grit, water and oil are kept below the main slip resistant surface of the matting. Large floor areas can be simply covered using a series of mats joined with special connector clips.

MAT SIZES:

Oil Resistant 150cm x 100cm

Standard 150cm x 100cm 100cm x 75cm 100cm x 50cm 75cm x 50cm
60cm x 40cm

Closed construction 60cm x 40cm

COLOUR: Black

Ad-Mat brush infills available in Blue, Black, Green, Grey, Red and Yellow to enable lettering to be created.

CHANNEL MAT & MAT EXTRA Indoor/outdoor heavy traffic

Various

Broad-ribbed rubber entrance matting. Very effective heavy duty matting with broad ribs to scrape shoes clean and keep dirt and moisture below the main walking surface. Excellent wear resistance. Easy to clean. Channel Mat Extra has broad ribs on both sides.

THICKNESS: 9.5mm and 12.7mm

MAT SIZES: 1821mm x 908mm

COLOUR: Black

Entrance Matting and Foyer Carpeting

CONTRACT KING Indoor/outdoor extra heavy traffic

13mm

Contract King is a unique heavyweight dense fibre-bonded polypropylene entrance matting/ commercial carpeting on a crumb rubber backing, engineered to withstand the most extreme traffic conditions. It's ingenious construction is not only incredibly efficient at removing dirt and moisture from shoes but also gives exceptional dirt and moisture retention.

Contract King offers remarkable resistance against stiletto heels, spiked and studded footwear, as well as trolleys, castors, etc.

Please also see Street-King and Buffer-Zone ranges of prestigious aluminium matting systems in our separate catalogue.

ROLL SIZE: 25m long approx x 2m wide

COLOURS: Anthracite, Royal Blue, Emerald Green, Grey, Brown, Beige, Red, Olive Green, Black, and Purple.

ZIGAZAGA 2000 Indoor/outdoor heavy traffic

10mm

Zigazaga 2000 is a super heavy duty 100% polypropylene needle felt chevron ribbed, waffle backed entrance matting/foyer carpeting. It's attractive multi-directional ribbing traps dirt, dust and moisture, whatever the direction of traffic. Zigazaga 2000 offers a similar high specification to our Polyrib, with the same pile weight, at a considerable price advantage. Easily cut to size without fraying.

In addition to it's traditional use as an attractive entrance/foyer matting, Zigazaga 2000 is also popular for use as carpeting for offices, public houses, leisure centres, corridors, etc. Also suitable for use in sheltered outdoor areas

Please also see Zigazaga 2000 featured in our Alligator range of prestigious aluminium matting systems in our separate catalogue.

ROLL SIZES: 25m approx x 1m or 2m wide

COLOURS: Raw Umber, Ginger Orange, Burnt Brick, Honey Yellow, Ancient Red, Forest Night, Night Shadow, Raw Jeans, and Gobelin Grey

APACHERIB Indoor heavy traffic

9.5mm

Apacherib is a deluxe, quality 100% ribbed polypropylene, heavy duty barrier entrance mat/ matting with a vinyl backing. Designed to enhance the appearance and improve safety of indoor entrances, it's ribbed construction traps dirt, dust and moisture substantially reducing the costs associated with floor maintenance of foyers and hallways of shops, offices, public buildings, hotels, hospitals, banks, leisure centres, restaurants, etc. Rolls incorporate anti-trip edging to 2 sides, mats have anti-trip edging to all 4 sides.

MAT SIZES: 90cm x 60cm 120cm x 90cm 150cm x 90cm 180cm x 120cm
240cm x 120cm 300cm x 90cm
Sizes include edging on all 4 sides

ROLL SIZES: 18.3m long x 90cm, 120cm or 183cm wide
Sizes include edging to 2 sides

COLOURS: Pepper, Williamsbury Blue, Cocoa Brown, Solid Grey, Russet Red, Moss Green and Camel

TEXTRA Indoor/outdoor heavy traffic

Textra is a super heavy duty 100% polypropylene needle felt, mini-diamond, waffle backed entrance matting/foyer carpeting. It's attractive multi-directional ribbing traps dirt, dust and moisture, whatever the direction of traffic. Textra offers a similar high specification to our Polyrib and Zigazaga, but is offered with an extended range of 18 colours. Easily cut to size without fraying.

As with Zigazaga, in addition to its traditional use as an attractive entrance/ foyer matting, Textra is also popular for use as carpeting for offices, public houses, leisure centres, corridors, etc. Also suitable for use in sheltered outdoor areas.

Please also see Textra featured in our Alligator and Grime ranges of prestigious aluminium matting systems in our separate catalogue.

ROLL SIZE: 25m approx x 2m wide

COLOURS: Silver Pine, Bouquet Green, Forest Green, Night Shadow, Raw Jeans, Forest Night, Gobelin Grey, Bamboo, Sand, Wheat, Almond Beige, Honey Yellow, Raw Umber, Ginger Orange, Burnt Brick, Ancient Red, Mahogany Brown and Charcoal Black.

POLYRIB 2000 Indoor/outdoor heavy to extra heavy traffic

Polyrib 2000 is the traditional heavy duty ribbed polypropylene/waffle backed entrance matting. It is suitable for use indoors and outdoor covered areas. Also very popular as carpeting in foyers, offices, shops, corridors, etc. Polyrib 2000 is extremely hard wearing and effective at trapping dirt, dust and moisture which would otherwise be walked into a building. Easily cut to size without fraying. Please also see Polyrib 2000 featured in our Grime-Stopper range of prestigious aluminium matting systems in our separate catalogue.

ROLL SIZES: 21m approx long x 1m or 2m wide

COLOURS: Steel Blue (36), Anthracite (07), Lever (19), Brown/White (12), Blue/Grey (35), Turquoise (42), Silver/Grey (51), Forest Green (29), Plain Burgundy (61), Safari (68), Red (41), Forest (76), Royal Blue (34), Jeans Blue (39).

TRAFFIC Indoor extra heavy traffic

Traffic is a brilliant polypropylene dirt-zone barrier carpeting/matting with thousands of unique patented built-in blue scraper coils for maximum soil and grit removal. No other known entrance carpeting solves the shoeborne dirt and moisture absorbency so effectively, nor so decoratively or so economically. Traffic's unique construction, offers superior appearance retention, enhanced durability and substantial savings in cleaning costs, considerably prolonging the working life and good looks of those internal floorcoverings. Traffic is ideal for close fitting in entrance foyers, hallways or corridors or installation in matwells.

ROLL SIZE: 20m approx long x 2m wide

COLOURS: Anthracite, Brown, Grey, Red and Green (All with blue scraper coils)

For that prestigious entrance, Traffic can also be incorporated into Grime-Traffic Marshall aluminium matting systems. See separate catalogue for details

RAINCHECK Indoor entrances and foyers

Raincheck is a super heavy contract quality, extra absorbent, deep nylon brush-on-vinyl backing, clean zone barrier matting/foyer carpeting. Specially manufactured for heavily trafficked areas, Raincheck combines maximum moisture absorbency with superior dirt containment. Rolls have anti-trip edges to 2 sides. Logo mats can be created using the colours listed below.

For that extra prestigious entrance Raincheck can also be incorporated into aluminium channel sections. See separate catalogue for details.

MAT SIZES: 90cm x 60cm 150cm x 90cm 200cm x 130cm
Mats have anti-trip edges to all 4 sides. Sizes include edging.

ROLL SIZE: 25m long approx x 2m wide (including edging)

COLOURS: Milk Chocolate Brown, Honey, Terracotta, Burgundy, Hunter Green, Navy Blue, Solid Black, Charcoal and Silver Grey

SOIL-MASTER Indoor/outdoor heavy traffic

Soil-Master 100% Cushion Vinyl Loop Mattings are specially designed for maximum soil and dust removal. The ingenious flexible vinyl loop construction not only scrapes dirt and moisture from shoes, but also traps it beneath the matting's walking surface, thus preventing it from being re-tracked onto expensive internal floorcoverings. The walking surface of Soil-Master cushion vinyl matting remains clean, effective and in excellent decorative condition even when tackling double the dirt, dust and grit of some other mattings.

THICKNESS: 10mm - MT
MAT SIZES: 90cm x 60cm 120cm x 90cm 150cm x 90cm
Mats have anti-trip edges to all 4 sides. Size includes edging.
ROLL SIZES: 12m x 90cm or 120cm wide (backed, for matwells or looselay)

THICKNESS: 14mm - UB
ROLL SIZE: 6m x 120cm wide (unbacked, for matwells)

THICKNESS: 16mm - VB
ROLL SIZE: 6m x 120cm wide (backed, for matwells)

COLOURS FOR ALL TYPES: Black, Grey, Brown, Green, Red, Blue and Yellow

SUPERGUARD Indoor heavy traffic

Superguard has been specifically designed to combine 100% polyamide velour brush pile barrier zone carpeting with special built-in "magic" monofil nylon scrapers and flame-retardant latex waffle backing. Superguard also offers remarkable crush compression resistance. It's super extra heavy duty quality provides hard wearing prestigious and practical protection to commercial premises against damaging and unsightly shoeborne dirt, grit, soil, moisture etc., in entrances, circulation zones, foyers, reception areas, lobbies, corridors, areas between kitchens and restaurants, in lifts, cloakrooms etc.

MAT SIZES: 90cm x 60cm 120cm x 90cm 150cm x 90cm 180cm x 135cm
240cm x 135cm 300cm x 135cm
Mats have anti-trip edges to all 4 sides. Size includes edging.

ROLL SIZE: 25m approx x 2m wide

COLOURS: Black Graphite, Brown Graphite, Green Graphite, Red Graphite and Blue Graphite

FLEX-TUFT Indoor/outdoor heavy to extra heavy traffic

Flex-Tuft is an environmentally friendly, super quality, extra heavy duty slip resistant brushed super absorbent nylon-on-rubber indoor/outdoor flooring/carpeting. Highly effective, Flex-Tuft will remove up to 90% of dirt and grit if a 2.5m walk in depth is allowed by specifiers. Flex-Tuft is manufactured from recycled fibre rubber bus and truck tyre lining, cut on edge and buffed to a chenille finish, then reinforced by a tough nylon scrim and bonded to a top quality vulcanised rubber backing. Flame resistant to US DOC-FF-170. Flex-Tuft is guaranteed by Flexco for 5 years against premature wear. Must be fully adhered with Flex-Tuft Adhesive.

Flex-Tuft is ideal for outdoor as well as indoor use, although not suitable for areas that are consistently wet. Possible installations include: Golf clubs, Airports, Hotels, Public Buildings, Shopping Centres, Car Showrooms, Football/Cricket/Rugby/Athletics Clubs, Stadia, Exhibition Centres, matwells, etc. Rolls are designed for use on staircases and should not be used for floor areas. Tiles should be laid in chequerboard fashion and fully bonded.

TILE SIZE: 304mm x 304mm

ROLL SIZE: 304mm x 9.14m long

COLOURS: Tweed, Delft/Grey, Cranberry/Grey and Spruce/Grey.

Flex-Tuft adhesive for installation of above: Size 1 US Gallon coverage 8-9m²/gallon.
Flex-Tuft vinyl bevelled edging 3.65m long sections x 10mm x Black.

SYNCOIR Indoor/outdoor synthetic coir matting

Syncoir is a high quality heavy duty 100% polypropylene synthetic coir needlepunch brush fibre entrance matting, ideal for matwells and foyer/reception areas. Exceptionally effective at trapping dirt, dust and moisture, Syncoir is colourfast, latex backed so easy to cut to size without fraying or shedding and is suitable for both indoor and outdoor use.

ROLL SIZES: 21m approx long x 1m or 2m wide

COLOUR: Tan only

INGENIUS Indoor/outdoor heavy traffic

Super effective extra heavy duty indoor/outdoor polypropylene brush rubber backed entrance matting and foyer carpeting. Ingenuis will not absorb moisture, retaining its incredibly efficient dirt removal properties even when wet. Moisture removed is trapped below the walking surface of the mat, preventing ingress tracking.

Ingenuis, unlike coir matting, is colourfast. This makes Ingenuis an ideal material choice for logo mats. For prestigious entrances, Ingenuis can also be incorporated into aluminium channel sections. See separate catalogue for details.

THICKNESS: 10mm

ROLL SIZE: 20m approx x 2m

WARCORD Indoor medium to heavy traffic

7mm

Warcord is a multi-purpose, micro-ribbed, 100% polypropylene carpeting with waffle back. Originally designed as an extra economical barrier carpeting for entrances, foyers and reception areas, preventing shoeborne moisture, dirt, dust, grit, etc., from invading and soiling essential internal "clean" areas, it is also enjoying proven popularity as a versatile, hard wearing, and colourful decorative contract carpeting for schools, offices, shops, public buildings, hotels, leisure centres, libraries, doctor's practices, etc., as well as residential. Waffle backing enables cutting to special sizes and shapes without fraying.

Warcord can also be incorporated into our prestigious aluminium matting systems. Please see our separate catalogue for Alligator and Grime Warcord.

ROLL SIZES: 25m approx x 2m

COLOURS: Grape (81-Purple-Red), Earth (89-Brown), Scarlet (84), Red Earth (06), Lawn Green (22), Majolica (04-Blue-Green), Deep Blue (83), Shadow (69-Light Grey), Pearlstone (17-Anthracite), Beige (61), Royal Blue (32) and Black (50)

SYMPHONY Nylon twist pile printed logo mats

8mm

Advanced dyeing technology provides a unique method of dyeing the high twist nylon tufts to ensure a deep and intense colour penetration. Colour is locked in for greater colour retention and longer life. There is a standard colour palette of 99 colours for regular logo designs or a more extensive colour bank of over 700 colours for detailed designs or reproduction of photographic images.

All mats are nitrile rubber backed, with anti-trip edges to all 4 sides. The rubber backing can be supplied in either smooth or gripper backed. Smooth backing is supplied as standard. The edges are strengthened for increased resistance to tearing and for better durability. The heavyweight primary backing gives better floor stability and resistance to rippling.

Symphony mats can also be supplied with an extra thick 3mm rubber backing for matwell use. These mats would not have anti-trip edges and the maximum matwell size is 5.9m x 1.9m

Mats have excellent colour fastness and can be machine washed at 40°C.

Symphony mats are available in 7 standard mat sizes or can be custom manufactured in any size up to 6.0m x 2.0m.

MAT SIZES: 120cm x 85cm 150cm x 85cm 300cm x 85cm 180cm x 115cm

Symphony Nylon Twist

OBEX CLOSED Modular heavy duty entrance matting

Obex Closed, PRIOR and FORMA, is high tech, heavy-duty entrance matting that looks great and works beautifully. The modular, interlocking tiles are highly flexible, extremely stable but low maintenance, and form an exceptionally effective internal/external barrier matting system that removes shoe-borne dirt long before it gets into your building. Effective, good-looking, durable, flexible and low-maintenance: Obex Closed really is uncompromising entrance matting.

Obex Closed PRIOR

Obex PRIOR interlocking, UV resistant, PVC tiles are extremely durable, very flexible and moulded to maximise their cleaning effect. This durability, combined with enviable performance levels, make Obex PRIOR perfect for heavy traffic, industrial or commercial situations.

100% PVC

THICKNESS: Super heavy duty 16mm thickness

MANUFACTURED IN INTERLOCKING TILES: 195mm x 195mm x 16mm, (supplied in sheets of 6 tiles (0.228m²))

COLOURS: Graphite or Aluminium

Barrier Matting

BRUSH-N-DRY Indoor/outdoor heavy traffic

Brush-n-Dry is a heavy duty PVC backed polypropylene scraper/olefin clean zone barrier matting. For indoor/outdoor use. It incorporates alternating ribs of looped polypropylene and olefin grass brushes to provide a dual cleaning action. Two mats for the price of one. It combines the benefits of excellent fade resistance to U.V./sunlight, superior quick drying moisture absorbency, exceptional stain resistance and effective dirt removal. Mats have anti-trip edging to all sides, rolls have anti-trip edging to 2 sides only.

Its hard wearing properties, make it the ideal choice for indoor and outdoor entrances, foyers, hallways, reception areas, walkways etc. in offices, shops, schools, hospitals and other public buildings.

Charcoal Beige Red/Black Burgundy

MAT SIZES: 90cm x 60cm 120cm x 90cm 150cm x 90cm 180cm x 120cm
240cm x 120cm

ROLL SIZES: 18m x 90cm or 180cm wide (including edging)

COLOURS: Charcoal, Beige, Red/Black and Burgundy

GATEKEEPER Indoor/outdoor extra heavy traffic

Gatekeeper is an extra heavy duty top of the range parquet design ribbed olefin carpet-on-rubber free-standing clean zone barrier mat with maxi-trap raised bevelled edges, for maximum retention of dirt and moisture. Gatekeeper's excellent scraper ribbing, and super absorbent olefin yarn (dries 3 times faster than nylon!) makes it one of the most effective barrier mats on the market, trapping up to 9 litres of water per square metre. Gatekeeper suffers minimum movement in use, even under heavy trolley traffic due to its built-in anti-creep rubber cleats on its underside. Gatekeeper is also colourfast, stain resistant, flame retardant and easy to clean. All mats have the benefit of bevelled anti-trip edging to all 4 sides. N.B. Do not confuse this super heavy duty product with other inferior domestic quality look-a-likes available on the market.

Recommended areas of installation include: - Supermarkets, DIY superstores, hospital, medical centres, factories, warehouses, schools, universities, hotels, public houses, restaurants, shops, public buildings, offices, sport centres, theatres etc.

(including edging)

COLOURS: Hunter Green, Charcoal, Navy Blue, Burgundy, Sable, Mottled Teal, Autumn Green, Red/Black and Fall Tweed

WARZONE Indoor/outdoor medium to heavy traffic

Warzone is an all purpose range of olefin-on-vinyl barrier mats and matting. A more economical version of Supertuff but with similar performance. Warzone absorbs and holds more water and dries three times faster than even quick drying piled nylon mats. Its colours are solution dyed too, so they keep their superb appearance longer, even when exposed to ultra violet, sunshine, etc. Stain resistant and easy to clean: Just vacuum, sweep or hose. All mats have anti-trip safety edging on all 4 sides. Rolls have safety edging on 2 sides.

Beige Blue Charcoal Walnut
Berry Ocean Blue Mottled Teal Red/Black Tweed

COLOURS: Beige, Blue, Charcoal, Walnut, Berry, Ocean Blue, Mottled Teal and Red/Black Tweed

SUPERTUFF Indoor/outdoor heavy traffic

Extra heavy duty olefin-on-vinyl matting. Supertuff is a prestigious heavyweight 100% continuous filament olefin fibre matting. The market's top seller! Supertuff absorbs and holds more and dries three times faster than nylon surfaced mats, trapping 95% trafficked dust, wet, etc. Stain and weather resistant. Excellent colour retention. Supertuff meets U.S flammability test standard DOC FF 1-70. All mats have anti-trip safety edging on all 4 sides. Rolls have safety edging on 2 sides.

MAT SIZES: 90cm x 60cm 120cm x 90cm 150cm x 90cm 180cm x 120cm
240cm x 120cm 300cm x 90cm (including edging)

ROLL SIZES: 18m x 90, 120 or 180cm wide (including edging)

COLOURS: Walnut, Beige, Charcoal, Hunter Green, Blue, Solid Black, Solid Burgundy, Red/Black, Solid Blue, Solid Grey and Solid Navy

LUSTRETWIST Indoor heavy traffic

Lustretwist is a unique heavy duty nylon-on-vinyl barrier matting, a sister product to Warrior II but with a vinyl backing and in mat and roll format. It's 2-ply heat set continuous filament nylon provides an attractive moisture and dirt trapping barrier carpeting, ideal for heavily trafficked locations in foyers, entrance areas, hallways and reception areas of public and commercial buildings. Mats have anti-trip 25mm edges to all 4 sides, Rolls have anti-trip edges to 2 sides.

Custom logo and lettered mats can be incorporated into Lustretwist mats and rolls. For extra prestigious installation Lustretwist can be incorporated into Grime InterClean aluminium matting (see separate catalogue for details).

MAT SIZES: 75cm x 45cm 90cm x 60cm 120cm x 90cm 150cm x 90cm

COLOURS: Charcoal Grey, Charcoal Black, Royal Blue, Indigo Blue, Bright Red, Black, Kelly Green, Dove Grey, Burgundy, Green/Black, Walnut and Slate

LOOPER Indoor/outdoor heavy traffic

Newly re-engineered for enhanced performance the looper is a rugged fortified vinyl coated nylon loop pile-on-vinyl indoor/outdoor matting. It holds up under the most demanding of conditions, effectively removing dirt and trapping it beneath the mat surface. Easy to clean, just hose off. Designed to cope with problem external areas. Mats have anti-trip edging to all 4 sides, rolls to 2 sides only.

MAT SIZES 90cm x 60cm 120cm x 90cm 150cm x 90cm 180cm x 120cm
(including edging)

ROLL SIZES: 18.3m x 90cm or 120cm (including edging)

COLOURS: Solid Grey, Solid Red, Solid Brown, Beige Tweed, Kelly Green, Solid Blue, Red/Black Tweed and Camel

SUPERTWIST Indoor heavy traffic

Supertwist is a superior heavy duty polyamide-on-vinyl barrier matting, available in mat and roll format. Its polyamide pile provides an attractive moisture and dirt trapping barrier carpeting, ideal for heavily trafficked locations in foyers, entrance areas, hallways and reception areas of public and commercial buildings. Mats have anti-trip 25mm edges to all 4 sides, Rolls have anti-trip edges to 2 sides. Machine washable at 30°C.

N.B. Supertwist is also available as Track-King with an 8mm Black PVC Foam Backing for use in matwells, please contact our sales team for further information regarding pricing and availability.

Custom logo and lettered mats can be incorporated into Supertwist mats and rolls. For that extra prestigious installation Supertwist can be incorporated into Grime Interclean aluminium matting and Track-King into Interceptor and Buffer-Zone BZ4 entrance matting (see separate catalogue for details).

MAT SIZES: 90cm x 60cm 120cm x 90cm 150cm x 90cm 180cm x 120cm (including edging)

MAT COLOURS: Black (00), Charcoal (105), Grey (03), Bright Red (02), Orange (107), Bright Yellow (08), Bright Blue (13), Dark Blue (14), Turquoise Green (10), Wheat (01), Brown (05), Burgundy (15)

ROLL SIZE: 25m approx. x 120cm (including edging)

ROLL COLOURS: Rolls available in Black (00), Grey (03), Charcoal (105) and Dark Blue (14) Other colours available to special order.

KUM-KLEEN Indoor heavy traffic

Kum-Kleen is our long established, proven clean-zone carpet-on-vinyl barrier matting. Available in a wide range of sizes and colours, it gives excellent value for money and stops dust, dirt and water in its tracks. In fact, Kum-Kleen is capable of absorbing 5 litres of water per square metre. This moisture trapping capability makes this matting essential in areas where water could cause slip hazards.

Mats have anti-trip edging to all 4 sides, rolls to 2 sides only.

MAT SIZES: 60cm x 40cm 70cm x 40cm 90cm x 60cm 120cm x 90cm
150cm x 90cm 180cm x 120cm 240cm x 120cm (including edging)

ROLL SIZES: 15m long x 90cm or 120cm wide (including 25mm anti-trip borders on two sides)

COLOURS: Mottled: Black/White, Brown/Black, Red/Black, Blue/Black, Beige/White, Green/Dark Green, Blue (037), Grey (005), Green (015) and Heather (014)
Striped: Black/White, Brown/Black, Red/Black/Red, Blue/Black/Red, Red/Fawn.

WARRIOR Indoor heavy traffic

Heavyweight, machine washable, nylon-on-rubber Warrior mats keep shops, offices, public buildings etc. cleaner. Wear and tear on carpets and floors is also substantially reduced. Buildings are made safer too, because Warrior mats trap so much of the dirt, dust and wet that can cause slips and falls.

Warrior mats have extra tough nitrile rubber backing and edging unlike most conventionally purchased dirt control mats, which have vinyl backing and edging. Its 100% nitrile rubber backing gives Warrior mats the following advantages:

Warrior mats are hard wearing – the edges are far stronger and less prone to nicks, cuts and tears. They are machine washable. Their tougher construction makes the mats keep their superb appearance, wash after wash. They are also easily cleaned by vacuum hose, or machined wash at 40°C and they stay put better and more safely.

Warrior mats have a unique heat set high-twist two-ply heavyweight continuous filament nylon pile, which gives longer lasting appearance retention as well as requiring less maintenance. The dirt just sifts down into the pile, and leaves the surface looking good.

Warrior mats are recommended for indoor or sheltered heavy traffic commercial and industrial corridors, hallways, offices, factories, etc. Gripper backed to minimise movement.

Mats have anti-trip edges to all 4 sides, size includes edging.

MAT SIZES: 89cm x 60cm 120cm x 78cm 120cm x 89cm 147cm x 89cm
175cm x 114cm 240cm x 114cm

COLOURS: Warrior II Colours:
Charcoal Grey, Charcoal Black, Royal Blue, Indigo Blue, Bright Red, Burgundy, Kelly Green, Regal Red, Dove Grey, Black, Slate and Walnut
Warrior III Colours:
Black/Pepper, Black/Slate, Red/Black, Walnut Gold and Dark Blue
N.B. Please check with our sales office for current stock availability.

ABSORBAMAT Indoor heavy traffic

Top quality extra heavy duty studded polypropylene-on-rubber mats with raised moulded anti-trip water dam bevelled edges for moisture containment. Traps up to 9 litres of water per square metre. Reinforced rubber raised square profile to prevent tile from crushing, improving wear life. Gripper backed to minimise movement. Ideal for heavy traffic indoor entrance areas.

MAT SIZES 90cm x 60cm 120cm x 90cm 150cm x 90cm 180cm x 120cm
300cm x 90cm 300cm x 120cm 300cm x 180cm

Edged on all 4 sides, size includes edging.

COLOURS: Camel, Blue, Grey, Hunter Green, Pepper, Red/Black, Burgundy, Walnut and Green

ROYALE Indoor heavy traffic

The latest in commercial mat technology, the TireTuff Royale is heavyweight matting designed for busy traffic areas. The moulded recycled rubber backing provides strength and durability while the crush-resistant carpet surface effectively removes debris and moisture. Dual fibre needlepunch carpet dries quickly and resists staining and fading. Bi-level surface scrapes debris from shoes. Attractive double border design traps debris and moisture in the mat and off the floor. Heavyweight recycled rubber backing minimizes movement on carpet and hard floor surfaces.

MAT SIZES: 60cm x 90cm 90cm x 150cm 120cm x 180cm
COLOURS: Indigo Blue, Onyx, Pine Green, Red/Black, Slate Grey, and Walnut

PRESTIGE Indoor heavy traffic

A grand entrance mat with fashion appeal, the Prestige offers style and striking performance. Multi-level olefin construction effectively removes and traps dirt and moisture. Two-tone heavyweight loop carpet maintains a clean appearance even after extended use. Comes in 5 new fashion colours. 100% Olefin fibres are stain and fade resistant. Slip resistant vinyl backing. Ideal for indoor entrances, lobbies or hallways.

MAT SIZES: 60cm x 90cm 90cm x 150cm 120cm x 180cm
COLOURS: Chocolate, Emerald, Granite, Ruby Red, and Sapphire

APACHESTAT Indoor static dissipating

Apachestat is designed to dissipate static charges and prevent static build-up on people who walk on it, whilst significantly reducing the ingress of dirt, dust and grit. Combining an extra hardwearing heavy duty continuous filament two-ply Lustretwist nylon yarn (heat set with a high twist) surfacing, bonded to a dissipative vinyl backing, Apachestat meets I.B.M. recommendations for electrical resistance of floorcoverings in computer rooms when grounded ($10^8 - 10^9$ ohms) and meets US Flammability (Pill) Test Standard DOC FF1=70. Apachestat does not require ground wires, is easy to cut to shape as required and is also easy to clean. Highly recommended for all interiors where electronic equipment systems are in use or static control is a problem, e.g. offices, computer rooms, entrances, corridors, aisles, gangways etc.

MAT SIZES: 90cm x 60cm 120cm x 90cm 150cm x 90cm 180cm x 120cm
 240cm x 120cm 300cm x 120cm 600cm x 90cm 600cm x 120cm
 Edged on all 4 sides, size includes edging.

ROLL SIZES: 18m x 90cm or 120cm wide
 Edged on all 2 sides, size includes edging.

COLOURS: Charcoal Grey, Walnut and Regal Red

N.B. Please check with our sales office for current stock availability.

TRAFFIC-KING EXTRA Indoor heavy traffic

Traffic-King Extra is a super heavyweight 3-ply high twist nylon-on-vinyl contract quality barrier zone system entrance matting. Its superior extremely dense hardwearing heavyweight 3-ply nylon pile enables it to trap and hide more dirt and moisture than other known nylon-on-vinyl mattings even under the heaviest of footfall. Its extra tough textured backing also eliminates bunching and helps prevent spillage. Traffic-King Extra's practical tweed colourways are designed for maximum concealment of dirt, and are easy to maintain – vacuum, sweep or hose. Traffic King Extra meets U.S. DOC FF1.70 and DOC FF2.70 flame resistance regulations. Mats are freestanding with anti-trip vinyl edging on all sides, rolls with anti-trip vinyl edging on two sides only.

Recommended for indoor or sheltered entrances, foyers, hallways, lobbies, walkways, offices, lifts, in even the most demanding of situations i.e. shops, department stores, airports, public buildings etc.

Coir Entrance Matting and Logo Mats

BRUSH-DOWN Indoor only

Best quality PVC backed 100% coir. Due to its exceptional moisture absorbency and dirt trapping properties, PVC backed coir is the long proven standard entrance matting material. Brush-Down is intended for use either in matwell or foyer areas. Easily cut to size or shape without fraying. See also Lettered/Logo Mats for further design possibilities.

ROLL SIZE: 7.5m, 12m or 15m x 1m or 2m wide

COLOUR: Natural, Charcoal/Anthracite, Black, Dark Brown, Blue, Grey, Havana, Green, Red, Purple, Yellow and Bleached White

BRUSH-WELL Indoor only

As with all of our PVC backed coir mattings, Brush-Well has exceptional moisture absorbency and excellent brushing action, even when wet. It has good flame resistance (coir will not ignite even from dropped cigarette ends) and is anti-static. PVC backed coir is easy to cut to size and shape on site.

Logo mats can also be manufactured in 17mm thickness.

THICKNESS: 14mm

ROLL SIZE: 7.5m or 15m x 1m or 2m wide

All quotations and contracts are subject to the following conditions unless otherwise stated subsequently by us in writing, and no qualification of these conditions in the customer order or acceptance shall be deemed to form part of this contract.

1. **Delivery:** Any items as to rate or time of DELIVERY are not to be deemed to be the essence of the contract and no guarantee can be given or implied thereto. We, however, will make every reasonable effort to ensure delivery in accordance with requirements so far as circumstances permit.
2. All orders are subject to our final acceptance at Westbury and thus the contract of sale is explicitly agreed to have been made at Westbury, Wiltshire. English Law shall apply and any dispute shall be settled in the English Courts.
3. ALL PRICES are quoted without engagement and, unless otherwise expressly stated by us in writing, subject to alteration without notice.
4. **DESPATCH OF ORDERS:** All goods are sent by the most convenient method available to us at the time of despatch unless otherwise specified. ANY GOODS FOR DELIVERY TO ADDRESSES OTHER THAN THOSE OF THE PURCHASER are only sent at the PURCHASER'S RISK.
5. **CARRIAGE:** Please see our current pricelist for carriage terms
6. **DELIVERY TO SITE:** THE PURCHASER WILL BE RESPONSIBLE FOR OFF-LOADING the goods and in accordance with normal transport practices such goods will be delivered to the goods inwards department or reception on the ground floor.
7. **SELECTION OF GOODS:** Is a matter solely for the purchaser, who should ascertain in advance of ordering, the suitability and colour, etc. of goods for the purpose required. Technical details and samples are available on request.
8. **TECHNICAL DESCRIPTION AND DATA.** Such descriptions whilst given as a guide in good faith are subject to alteration by the seller without notice. In particular all dimensions are approximate only.
9. **LIABILITY:** We will not be liable for any indirect or consequential loss whatsoever arising from, or in conjunction with, the supply of defective goods, delay in delivery, non-delivery, loss or damage to goods in transit or to the property of the purchaser, or any third person howsoever caused. If goods have been exported, customers are welcome to return the goods to our premises in Westbury where a decision can be made regarding any action to be taken.
10. **CLAIMS:** No claim for ANY DEFECT in goods supplied will be accepted unless made in WRITING within 3 days from the date of delivery. Goods returned to us within 10 days from receipt in exactly the same condition in which they were received, will be credited only if we also judge them to be defective, but will not form the subject of any claim for labour cost or other loss of any kind. No claim for loss or damage in transit will be accepted unless signed for as such and confirmed in writing and verbally within 10 days from the date of despatch. A clear signature to the carriers for goods concerned will indicate to the carriers and to us that they were received in perfect condition.
11. **DEFECTIVE GOODS:** Under no circumstances whatsoever will we accept return of goods for credit when they have already been installed, used or laid. Defects should be observed on receipt, i.e. prior to installation, use or laying, and be notified to us immediately, both verbally and in writing, so that we can decide what action may be taken. In the case of goods to be exported, inspection should be made prior to shipment.
12. **COLOURED GOODS:** JAYMART floorings and accessories are produced by highly sophisticated and modern manufacturing methods. However, due to differing production batches and or varying individual product manufacturing processes, colour and shading variations can occur and must be accepted.
13. **COLOUR SAMPLES:** The small hand feeler samples given or sent to enquirers are an indication of colour only . They are not necessarily representative of the actual product colour shade to be supplied
14. **PRODUCT CHANGES:** The policy of the Company is one of increasing improvement and development, so we reserve the right to add or delete from the range or to change products without notice
15. **TITLE TO GOODS:** We reserve the right to retain, if we should so decide, the title to goods supplied under these terms of sale until the purchaser has discharged all sums owing to us. Until such discharge, the purchaser shall hold the goods, whether or not sold to another party upon trust for ourselves and grant us the right, if we so wish, to enter the purchaser's or its agent's premises to recover any such goods.
16. **CANCELLATIONS.** We will consider, but not be bound to accept, any request for cancellation of an order, and acceptance shall be on such terms as may be agreed by us in writing.
17. **RETURNS:** We do not normally accept return of perfect goods if correctly supplied as ordered. We therefore strongly recommend that customers check quantity, colour and product requirements carefully before ordering. If goods are accepted for return for whatever reason, we reserve the right to levy an administration charge together with carriage costs incurred for original despatch. No requests for return will be considered more than 3 months after invoice date.
18. **COLLECTIONS:** Our warehouse is usually open for collection from Monday to Friday (9 a.m. to 12.30 p.m. and 2 p.m. to 5.30 p.m.) excluding holidays. We kindly request customers, however, to give us reasonable advance warning of intended collection of goods required. We regret that we cannot accept any claims whatsoever in such cases, if goods are unavailable at the time of collection. All promises of stock availability are given in good faith, but should not be regarded as guaranteed correct.
19. **SETTLEMENT:** Approved credit account customers should make their payments by the end of the month following the date of invoice. Cleared funds are required from non-credit account customers before goods can be released. Prepayment may be made by cheque, postal order, cash, bank transfer/CHAPS or most major credit/debit cards.
20. **VAT:** Is chargeable extra at current rate on prices listed.

PLEASE NOTE: While every effort is made to ensure accurate representation of colours, variations may occur due to limitations in the printing process. We always recommend, and are happy to supply free-of-charge, hand-held samples for colour reference. Roll and mat sizes are nominal.
