

Colours

Kennel units are available in a range of body and highlight colours to suit you, with some examples of combinations shown below.

Most colours chosen from the RAL range are a no extra cost option.

Colours in this brochure are used as a guide only and will not represent the exact shade that will appear on the finished product. If a more accurate sample is required contact our sales office who can provide samples of our standard colour range, or bespoke colours from the RAL and BS ranges.

In most cases we can match your colour schemes or existing furniture colours to fit in and complement your work space. As well as this customised graphics can be screen printed directly onto the paint work.
