Urban Design & Developments Ltd.

Canopies, Shelters, Covered Walkways & Glazing.

We are one of the UK's leading specialist manufacturers and installers of glazed canopies. Our objective is to offer excellence in all our services whilst maintaining value for money.

We specialise in the design, manufacture and installation of Canopies, Walkways, Bus Shelters, Vertical glazing and all types of Decorative glazed steelwork.

The majority of projects we undertake are bespoke, and our clients benefit from our involvement at the early stages of design to advise on costs and best practice methods.

Composition and Manufacture.

We supply structures in a variety of materials and we offer the choice of tailor made options which can be due to budget, location, visual requirements or a wide range of other influences.

With our extensive experience we are able to offer advice on a whole range of products and finishes.

Materials commonly used include, Galvanised Steel, Stainless Steel, Decorated Mild Steel, Safety Glass, Polycarbonate, Aluminium, Cast Iron and a full compliment of paint finishes in any RAL or BS colour of your choice.

Design.

Our team of experienced designers and engineers are skilled in converting the simplest working drawing sketch into a fully developed project. Our Professional Indemnity Insurance comprehensively insures all our services.

Site surveys and fabrication drawings along with full structural calculations are provided for the majority of schemes with which we become involved.

Technical Support.

In addition to our own technical support team, we are approved installers for a wide range of glazing systems, roofing materials and surface finishes. By working in partnership with our material suppliers we are able to access their full technical support.
