

Do you want to know more about resin surfacing?

Resin Surfacing is one of the fastest growing sectors in the built environment and offers an attractive and durable alternative to traditional surfaces.

Whether new to Resin Surfacing or looking to polish your skills and become one of our Approved Installers, our Resin Surfacing Academy will equip you with the practical and theoretical skills needed to produce consistently high-quality projects and grow your business.

RESIN SURFACING
ACADEMY

Our training course offers you:

- A clear understanding of resin systems.
- Advice on PPE and health and safety on-site.
- In-depth knowledge of how to prepare a surface ready for installation.
- An insight on how flexible resin paving is when creating stylish and decorative surfaces.
- An awareness of the issues that you may face and how to remedy them.
- Hands-on practical training.
- On hand technical advice.

How to book:

The Academy costs £150 +VAT per delegate and sessions are held every month at our factory in Dorset. Lunch and refreshments will be provided and each delegate will leave with a certificate and marketing pack. For more information, available dates and a booking form, please contact our customer service team on 01963 362640 or email sales@gevekomarkings.co.uk.

On the day:

- Please bring protective clothing as you will be encouraged to apply our products.
- The course commences at 8.30am and finishes around 3.00pm.
- Training includes refreshments and lunch.
- Once you have booked a place on our course you will receive a confirmation letter and receipt, together with directions to our site.

Geveko Markings are a long-time market leading UK Manufacturer of Polyurethane binder systems for resin bound, bonded and high friction surfacing solutions. We have been manufacturing, developing and supplying resin binder systems, at our factory site in Dorset for over 20 years and as a result of this we have the expertise, experience and passion that comes after working for so long with these materials. All our polyurethane resin binders are designed by our on-site laboratory research and development team to provide our customers with the very best performing resin binders in the industry, all of which have been accredited with a BBA certification.
