

SIARDO

BENKERTBÄNKE

In der Möblierung des öffentlichen Raumes setzt sich ein langlebiges und pflegeleichtes Mobiliar nachhaltig durch.

SIARDO ist ein solches Mobiliar. Es ist pflegeleicht, immer benutzbar, selbstreinigend und extrem langlebig. Auch aus gestalterischer Sicht strahlt SIARDO-Ganzedelstahlmobiliar eine schlichte, zeitlose Eleganz aus und mit den vielen Farbmöglichkeiten finden Sie immer eine weitere Antwort auf gestalterische Fragen.

Wir haben das Möblierungs-Programm SIARDO umfangreich erweitert, da wir eine Antwort auf die sich verändernden Bedürfnisse bieten wollen.

Schauen Sie aber selbst, es wird Ihnen sicherlich Freude bereiten.

When it comes to furniture for public spaces, durability and ease of care are two features which can nowadays be considered imperative.

SIARDO is an example of such furniture. It requires little care and attention, it is always available to use, and it is both self-cleaning and extremely durable.

From the design perspective, too, SIARDO stainless steel furniture radiates unobtrusive, timeless elegance and, with the broad spectrum of colour options, offers a further answer to all design-related questions.

We have now significantly extended the SIARDO furniture programme, to ensure that we have an appropriate response to all the customer's changing needs.

But simply take a look for yourself. We are sure that you will be delighted.

Einzigartigkeit entsteht auch durch Farbgebung und zwar ganz individuell.

Seit Jahrzehnten werden alle unsere Produkte pulverbeschichtet und dies hat sich allerbestens bewährt.

Originality is also created by a colour design to suit your personal taste.

For decades now, all our products are powder-coated, a process that has best proven its worth.

Die auf dieser Seite abgebildeten Farben sind Standardfarben mit **leichter Struktur** und matt eingestellt.

The colours on this page are standard with a **slightly textured** and matte finish.
