

Cycle-Works

Josta Berlin Shelter and Compound

The Josta Berlin is a versatile and stylish open access shelter that can be manufactured in a number of sizes.

It can be used to cover all our standard bicycle racks and specialised Josta racks, as well as motorbike racks. It can also be used as a waiting shelter or bin store.

This shelter complements modern architecture in particular but blends in well in all surroundings.

It can be for open access or with lockable gates, as a compound.

Rows of shelters can be as long as required. The standard width is 2.5m., but other widths are available on request.

There are a number of cladding options, such as timber, mesh and PET.

This is a very versatile shelter that is usually custom-made to fit your site, so please contact us to discuss your exact site requirements.

Josta Berlin Shelter and Compound

The Berlin shelter is a very popular and sturdy modern shelter, which is made to order as per your unique site requirements. Below are some examples of existing sites.

Open access Berlin shelter at Monsoon Headquarters, London

Lockable Berlin compound with mesh cladding, Germany

The Berlin shelter can be supplied with any of our popular rack types, such as the Rounded A rack, the Josta wall rack or one of our feature racks. It can also be used as bin storage or for motorbike or buggy parking.

Josta Berlin Shelter and Compound

The Berlin shelter is also well suited for use with the popular Josta 2-tier rack, which requires a clear headroom of 2600mm.

Both the racks and shelters can be tailor made to fit your specific site.

About Cycle-Works

Cycling is our passion. We believe that cycling is good for people, good for society and good for the environment. This belief underpins everything we do. We believe that the provision of quality facilities will increase the use and acceptance of the bicycle.

All our employees and associates cycle regularly in diverse disciplines such as commuting, touring and long distance audax rides. We are active in both local and national cycle campaigning.
