

# CONSTRUCTION SOCIAL DISTANCING SOLUTIONS

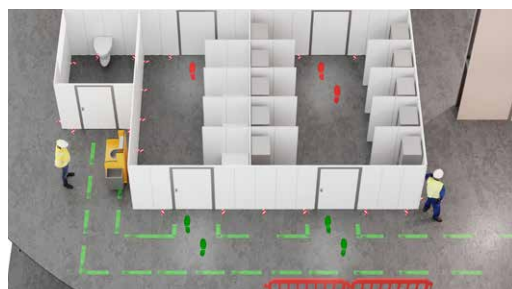

PRACTICAL SOLUTIONS TO HELP WITH GOVERNMENT GUIDELINES:  
CREATE COVID-SECURE SITES, WELFARE SPACES & SITE ROOMS

- ✓ Segregate stairwells and corridors
- ✓ Segregate existing welfare spaces
- ✓ Create separate common areas and satellite offices

## ✓ SATELLITE WELFARE SPACES

### CREATE SMALLER TEAM WELFARE HUBS

Keep groups of workers together with smaller, dedicated welfare spaces (e.g canteen/lockers/toilets). Can be designed to suit team sizes.

## ✓ STAIRWELL SEGREGATION

### PHYSICAL BARRIERS AND DEMARCATION

Eliminate the overuse of lifts by segregating stairwells and landings. Giving clear segregation for workers to pass safely.

## ✓ PARTITION WALL

### SEGREGATE SPACE

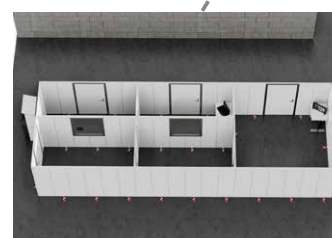

Free-standing modular partition walls to segregate larger areas and isolate teams.

## ✓ SITE SECURITY AREAS

### SECURITY, TEMPERATURE CHECK AND INDUCTIONS

Create individual pods for temperature checking workers, security sign in and site induction training.

REQUIRED

## ✓ MOVABLE WORK SCREENS

### MODULAR LIGHTWEIGHT SCREEN

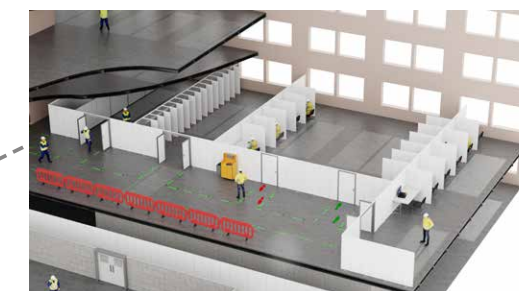

Where work must happen within 2 metres of each other, Westgate can design and supply movable social distancing screens.

## ✓ SITE WELFARE SPACES

### RECONFIGURE EXISTING WELFARE SPACES

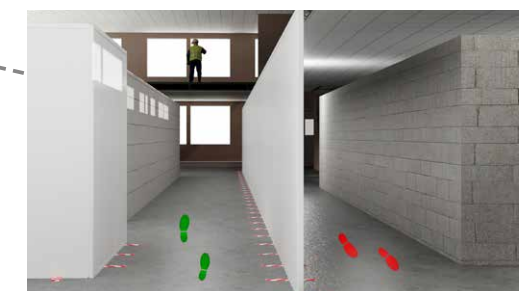

Westgate can help you redesign and reconfigure existing welfare space.

## ✓ CORRIDOR SEGREGATION

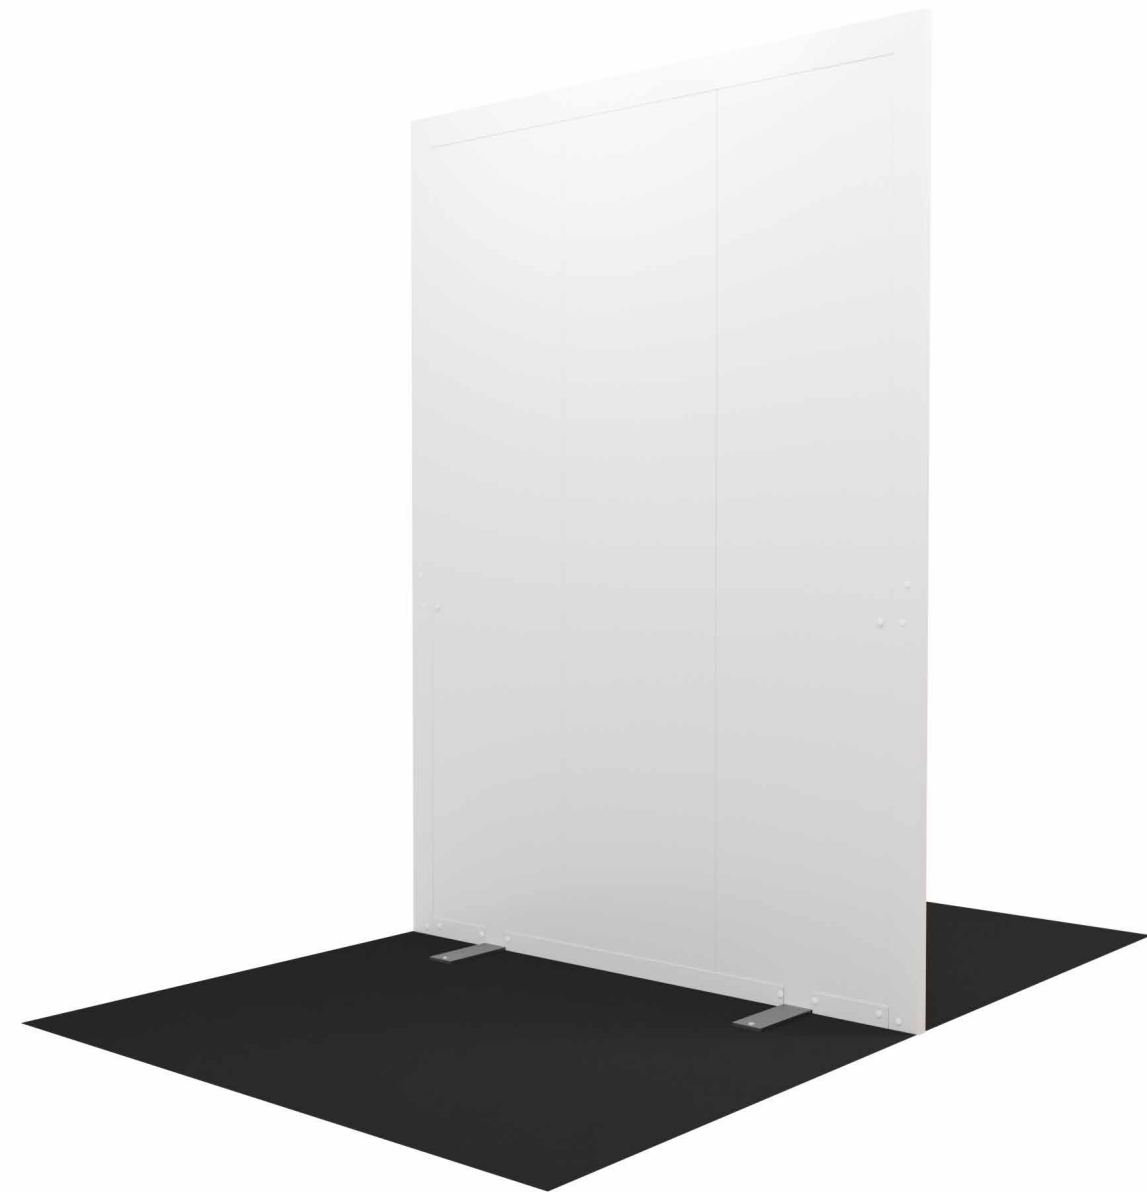

### PARTITION CORRIDORS

Allow workers to pass safely in tight corridor spaces with a free-standing screen. Can be designed with corners to suit needs.

# FREE-STANDING WORK SCREENS

Preassembled modular panels on support foot  
(with or without vision panel)

Hoardfast social distancing screens are available preassembled and ready to use.  
We can also supply a range of components for you to create bespoke solutions to meet your needs (on request).

# STAIRWELL DEMARCATION

Directing the flow of traffic

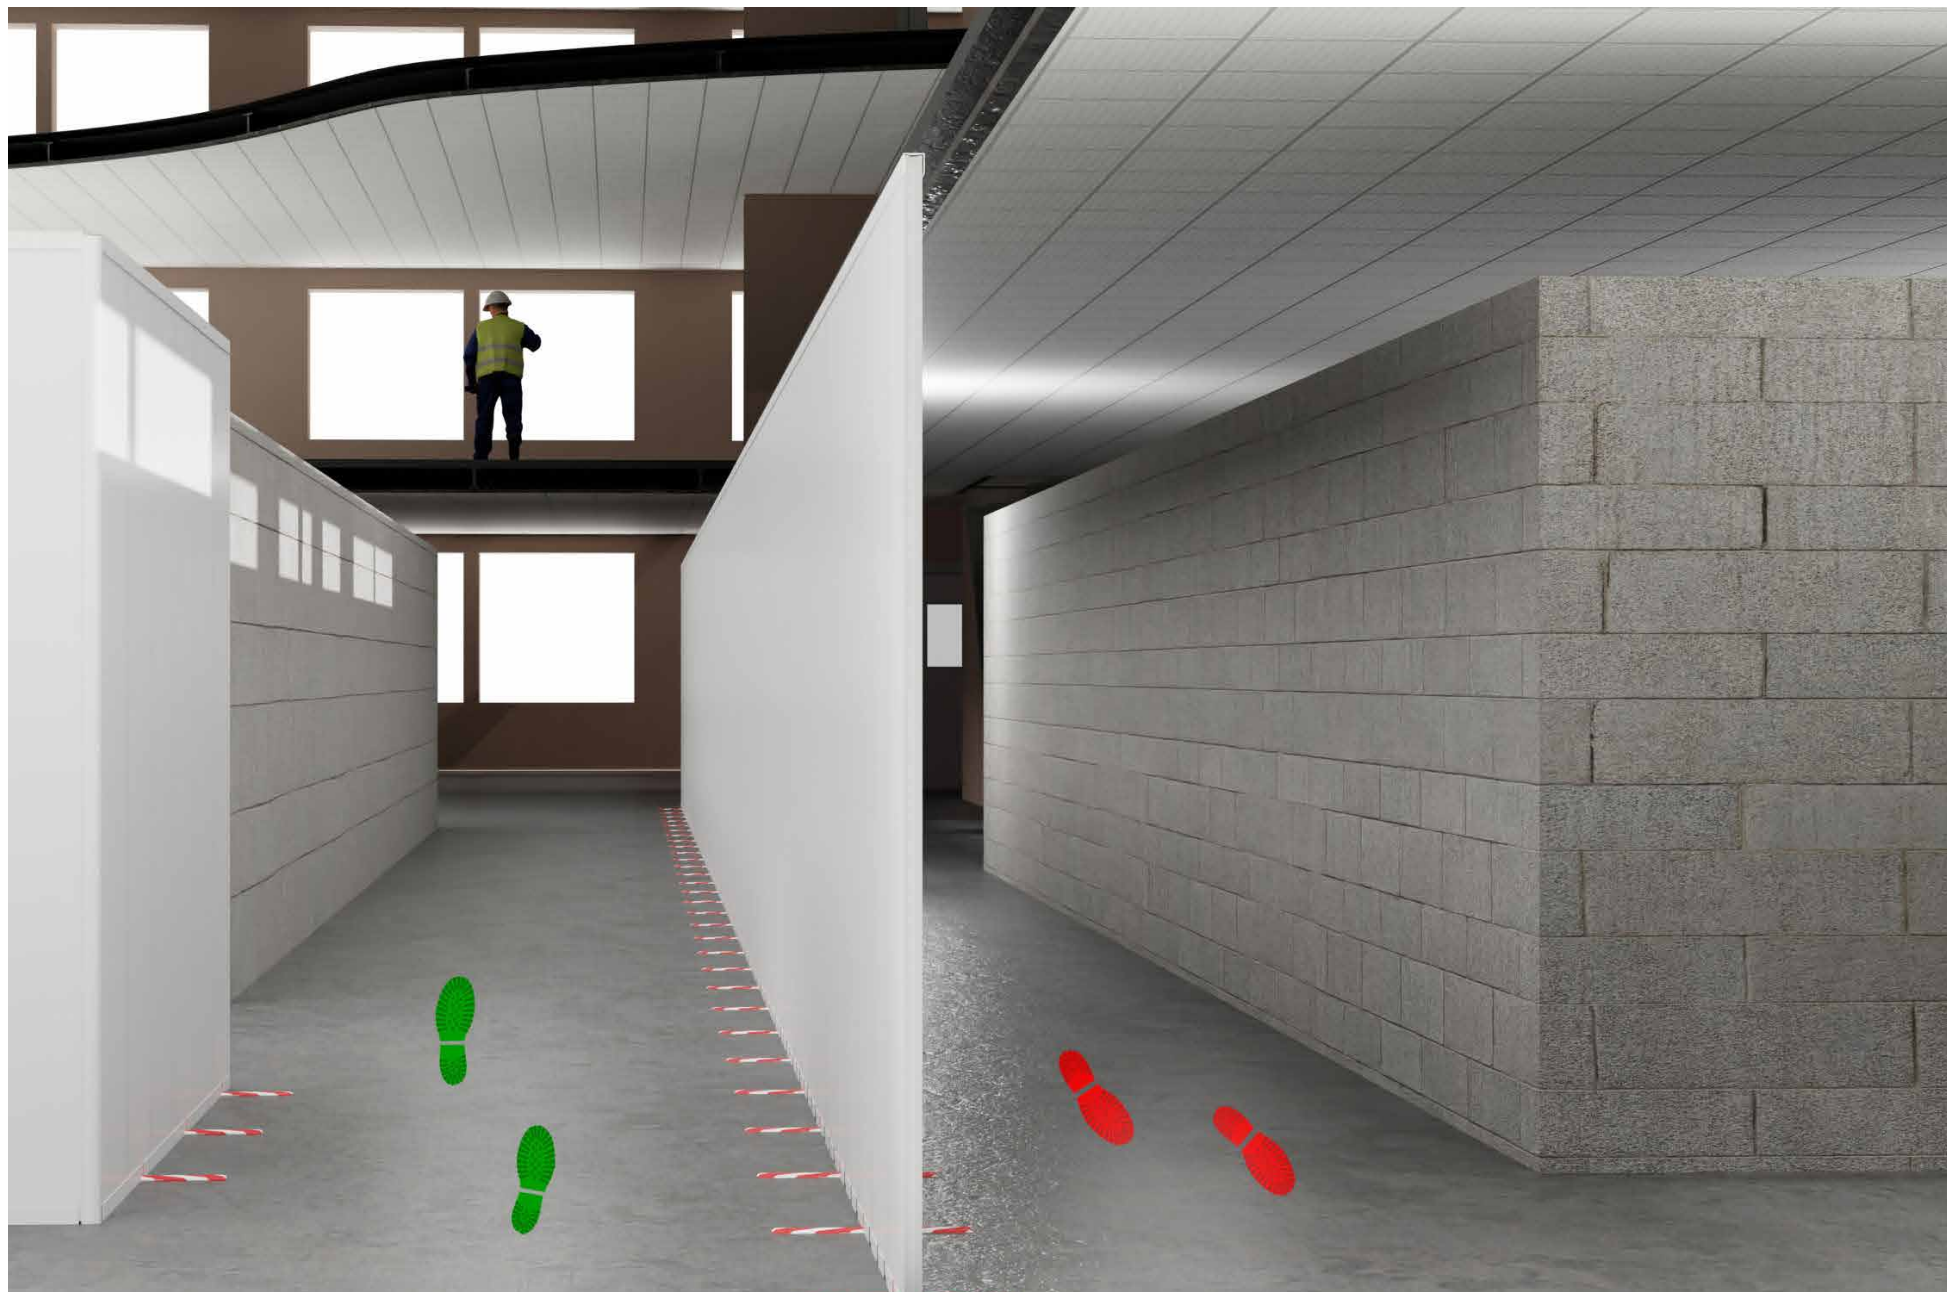

Ensure you can navigate stairwells which have access to adjoining corridors. Personnel stay separated by demarcation and a physical screen.

Dictates the flow of traffic to the landing area where people can pass either side of the Hoardfast screen. Stairwells are kept clear to allow for unrestricted movement between floors.

# CORRIDOR SEGREGATION

Maintain traffic flow and direction

A well-placed single run of Hordfast in corridors allows for traffic flow to be maintained.

Demarcation will dictate which side of the Hordfast personnel should pass on.

# PARTITION WALLS

Segregate larger areas

Free-standing modular partition walls for segregation of larger areas. Ideal for isolating teams of workers.

# SATELLITE OFFICES & WELFARE SPACES

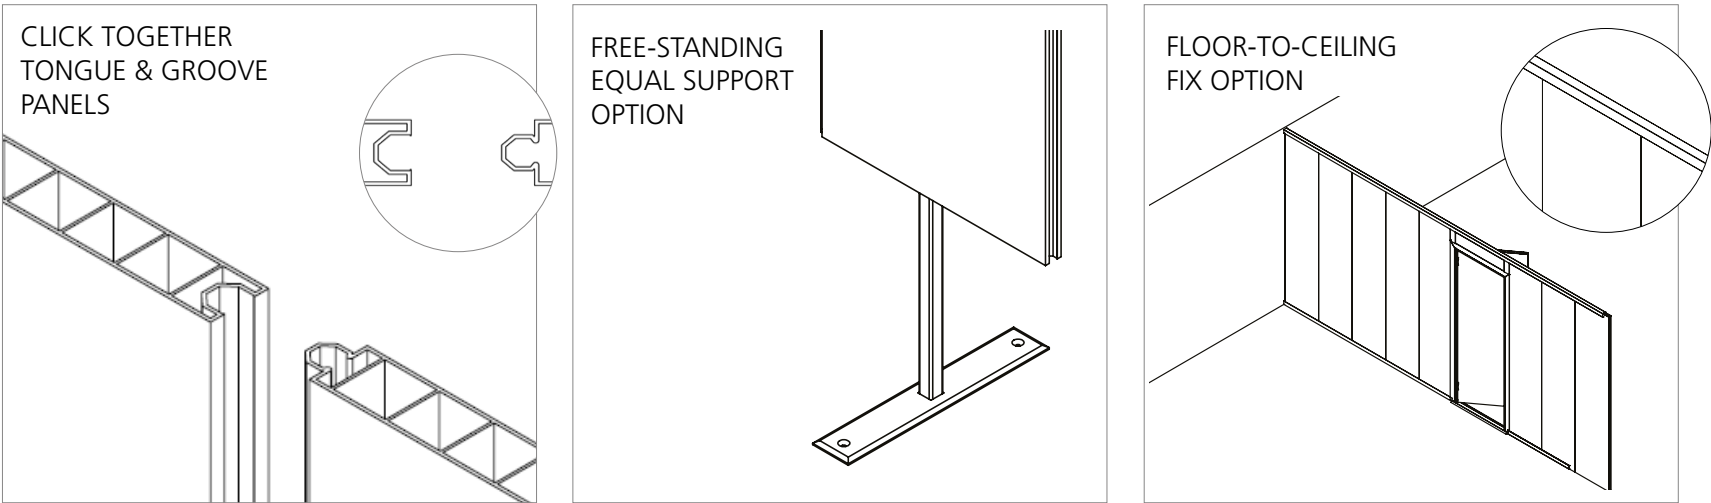

Create separate areas: canteens and toilets

# SOLUTIONS DELIVERED WITH A MODULAR SYSTEM

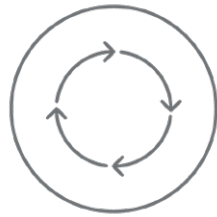

Configure a number of options to suit your site

Add doors and vision panels to complete your set up

Modular tongue and groove system

Reusable and relocatable

Hygienic wipe clean PVC panels

Rapid and easy self installation

Readily available from UK stock

Hire or purchase options available
