

Description

The Green Oak picnic set is the ideal option for any project when looking for eco friendly landscape furniture for parks or play areas.

Constructed from naturally durable locally sourced FSC green oak and sawn by our local mill, to ensure a top quality timber with a minimal carbon footprint.
Green oak needs no preservative or treatment, making it maintenance free.

The picnic set features a simple natural style and robust vandal proof construction. The benches are available with or without wheel chair access and are supplied fully assembled, with a choice of surface fixing or 300mm in ground fixing. We can also supply stainless steel tamper proof brackets.
