Project Name:
DTTCP Lyneham

Project Reference:
LDINV 1877

Contract Value:
£320,000

Contractor:
Kier/Balfour Beatty - Hercules Joint Venture

Contact:
Mike Dunford (Senior Buyer)

Date:
October 2015

Job Type:
Supply and Install

We were delighted to be asked by the project Hercules team to put forward competitive pricing for the supply and installation of cycle shelters, bin stores, training shelters and other elements of site furniture to the redesigned facilities at the old RAF Lyneham. The defence college occupies the sprawling site in Wiltshire and will accommodate over 1500 service personnel across various training programmes. It was a pleasure to work with the professional site team and be able to meet their cost plan and timeline.
