 Landscape Projects

**Contract Value:**  
 c. £100,000

**Contractor:**  
 Bouygues UK

Aleks Dashi (Package Manager)  
 Frédérick Moirault (Project Manager)

This "high end" development of apartments in South Kilburn required quality landscaped areas with secure cycle parking. We provided sedum roofed cycle shelters to satisfy planning requirements and also "Secured by Design" gated cycle parking facility. In the social areas we provided curved benching and a pergola to create a pleasant environment in which to relax.
