BAM Construction
Brett Younger (Senior Site Manager)
Lewis Budgen (Construction Trainee)
Matthew Harris (Senior Project Surveyor)
Luke Heathcote (Senior Design Manager)

Architect:
Stride Treglown
John Huskisson (Landscape Designer)

Portsmouth UTC is a new college that provides a specialist STEM (Science, Technology, Engineering & Maths) curriculum to meet the growing demands of employers across the region. Langley Design were engaged by both Stride Treglown and BAM to develop the Cycle Shelters for the new site, delivering these in addition to a Bin Store and External Benching.
