PEWSHAM CONCRETE BENCHES - PBN407 & PBN411

Langley Design were extremely proud to be a part of this War Memorial project based in GWR Park in our home town of Swindon. This has been created to commemorate the centenary of the end of World War 1 and each part of the steel structure tells a story to remind us of the war. We were asked to provide our Pewsham concrete cubes and benches to provide a seating area for people to sit and reflect.
