CAMDEN bench

Operation & Maintenance Manual

Introduction

Design

Design, shop drawings and development by Factory Furniture Ltd

Manufacture

Factory Furniture manufactured components. Products are assembled in Factory workshops, checked and dispatched ready for installation. Replacement products or components thereof should be ordered direct from Factory Furniture Ltd

Copyright

The design copyright for the product and drawing copyright remains the sole property of Factory Furniture Ltd

General Specifications

Bench

Metric length 2700mm | width 550mm | height 650mm

Imperial length 8' 10½" | width 1' 9½" | height 2' 1½"

Approx Weight 1765kg

Detailed Material & Finish Specifications

Bench

- *Bench material* - Exposed aggregate concrete (white or black concrete (both smooth finish); limestone, yellow granite, blue granite and black granite (all shot peened) effects available). Surface is sealed to make it water repellent

- *Internal reinforcement* - Galvanised steel frame

General Maintenance *(Recommended Schedule & Guidelines)*

Daily/Weekly/Monthly *(or as adopted)*

Visual checks of bench - check for superficial or physical damage.

Three Monthly

Clean bench as detailed below

Six Monthly

Full clean as detailed below; check that bench is firmly secured to the ground

Specific Maintenance Details

Concrete

Clean with a stiff brush once per year, especially in more exposed locations, in order to prevent a verdigris type build up on the surface. Ideally, this should be completed in early spring.

Repairs

Heavy Damage

In the event of serious damage please contact Factory Furniture for detailed technical advice.

Reordering / Spares

There are no spare parts for this model of bench
