INTRODUCING TWO NEW COMPACT GRADE SIZES

## WASHROOMS... WE'VE GOT IT COVERED

To enhance our classic sizes with a solution that meets the design and legislation requirements of full-height and deeper washroom cubicles, Formica Group is introducing **two new sheet sizes** (CGS), providing greater yields when undertaking any washroom project.

We have selected 20 of the most on-trend and popular decors from the FORMICA® **Washroom Collection**, and made them available in 6 sizes optimised for UK and Irish markets.

### OPTIMISED SIZE & RANGE

- Introducing two new 12mm compact grade sheet sizes in a combination of plain colours, patterns and woodgrains:

**2775mm x 1835mm**

**1825mm x 1525mm**

- Sheet size allows for full room height cubicles, whilst reducing wastage.
- Offering multiple options for doors, pilasters & partitions.
- **20 popular on-trend decors**, fully stocked in the UK.
- All available in Matte 58.

## Formica® Laminate

THE ORIGINAL HIGH PRESSURE LAMINATE by FORMICA GROUP

Formica® High Pressure Laminate (HPL) is manufactured through fusing multiple layers of impregnated paper under high pressure and temperature to create a hard wearing, durable and hygienic surfacing material. The Formica® Colors, Patterns and Woods ranges are high pressure laminates which are available in horizontal, general purpose, postforming grade (HGP) as standard.

## Formica® Compact

STRUCTURAL LAMINATES by FORMICA GROUP

Formica® Compact is a high pressure structural laminate, built up from multiple layers of kraft paper to produce a laminate in thickness 12mm. It has a decorative face on both sides and is ideal for interior use in washroom cubicles or locker systems, wall panels or laboratory furniture. It is particularly suited to use in high humidity, high impact areas. With a weight of 16,4 kg/m<sup>2</sup> (for 12mm thickness), Compact (grade CGS) is impressively strong and damage resistant and has remarkable structural stability, requiring no substrate support. Formica® Compact is certified by the CE Mark to meet or exceed conformity with European consumer safety, health and environmental requirements.

### Performance Features

-  Chemical resistant
-  Any orientation
-  Impact resistant
-  Water resistant
-  Hygienic
-  Self supporting Grade CGS
-  Flat bonding Grade HGP
-  Postform Grade HGP
-  Stain resistant
