

ZENITH® HORIZON PICNIC BENCHES & TABLES

Steel-framed all timber-topped table

The table introduces the characteristic aerofoil end profile of the Zenith Horizon seating range, together with timbers arranged to match those used on the Horizon seating in a either side-to-side or front-to-back orientation, for a fully coordinated set of products. Tables are available in two standard lengths, to suit either 6 or 8 sitters, which also matches standard seat lengths. The central alignment of the table posts improves accessibility onto the seats for less able-bodied users and the inset from the ends means wheelchair users can be accommodated as standard. Although generally supplied as an independent item, the table can be joined (either above or below ground) to benches or seats via a low level plate to form a single-piece picnic-style table set, which can be bolted down or used as a freestanding unit.

ZENITH HORIZON TABLE

Standard assembly: steel frame & bolt-on posts for in-ground fixing, hot dip galvanised, with iroko timber slats in smooth planed finish

ZNH T6

6 person (3 per side) / 1890mm long table, side-to-side slats
