

THETFORD PICNIC BENCH & TABLE RANGE

Robust picnic bench in multiple size options

The Thetford table and bench combination is a clean design of robust construction, ideal for educational sites, pubs and restaurants, and public picnic areas. There are 4 size options – standard, wide and extra-wide table tops in the adult versions, and a scaled-down model suitable for junior school age children – each available with 2 different slats sizes for either a chunky or more refined aesthetic. Bench and table platforms are pre-assembled onto steel rails, which in turn are fixed to the fully-welded heavy duty box section end frames on site with simple bolt connections. Steelwork is galvanised as standard, with the option of a powder coated finish, and the bench and table platforms comprise hard-wearing iroko slats attached to support rails with discrete fixings. An oiled finish, which retains the natural colouration of the timbers for over a longer period, is an optional extra on all products.

Size options & applications:

Standard:

Bench: 375mm w x 475mm h

Table: 675mm w x 770mm h

Ideal for basic picnic situations

Wide:

Bench: 375mm w x 475mm h

Table: 825mm w x 770mm h

Offers more table space for dining

Extra-wide:

Bench: 375mm w x 475mm h

Table: 975mm w x 770mm h

The 815mm gap between the table frame is designed for wheelchair access, also making for a wider table top as a result

Junior:

Bench: 225mm w x 350mm h

Table: 525mm w x 620mm h

Scaled-down unit suitable for children up to 10-12 years old

Medium width slats

65mm wide slats give a refined appearance to the table and bench tops, and with more gaps are visually lighter in appearance

Wide slats

140mm wide slats on the bench and table tops give a chunky appearance, with half as many slats / gaps compared to the medium width slat tables

THETFORD PICNIC BENCH & TABLE RANGE

Size options / slat widths:

Please take time to consider which of the 8 standard options is best suited for your application, taking account of the anticipated usage of the table / bench and the preferred visual appearance in terms of the timber slat configurations.
