

Outdoor Recycling Bins

Waste separations at source and recycling are part of the way we operate. Amberol's clear, WRAP approved signage and colour coding encourage people to recycle and dispose of waste responsibly.

Recycle Graphics

Standard colour coded recycling graphics. Please contact us for the full range and applicable pricing.

Eco-Bin

Available in two practical sizes and best used in banks of four or five, the Eco-Bin is a large free standing unit ideal for use at the entrance to parks, in public areas, or in the rear precincts of high rise apartments. Lockable front opening door enables internal wheellie bin (not supplied as standard) to be quickly and easily removed for emptying.

Product Code	Height mm	Width mm	Depth mm	Capacity (litres)
ECO-1P 140	1430	680	680	140
ECO-2P 240	1520	830	930	240

Educational Bins

Amber and Percy Penguin, part of Amberol's range of Educational Bins (see pages 16 & 17), can be colour coded and clearly labelled for recycling purposes. Amber is available with additional apertures. Most effective in packs or flocks!

Product Code	Height mm	Width mm	Depth mm	Capacity (litres)
AMB-2P	1260	830	1000	180
PEN-1P	1260	730	680	90

Slim Bin Recycle

Best used back to back, or in banks of four or five, these tall flat backed units are ideal for use at visitor centres, places of education and learning, and at sports and fitness centres. Lockable front opening door enables the internal wheeled liner to be emptied quickly and efficiently.

Product Code	Height mm	Width mm	Depth mm	Capacity (litres)
SLM-OP	1130	550	400	100

Olympic Dual Bin

Another versatile innovation to the Amberol family of waste and recycling bins. With two apertures and two internal liners, this handy unit meets the growing demand for waste separations at source. With its generous 180 litre capacity and surprisingly small foot print, the Olympic Dual Bin has all the benefits you would expect from an Amberol product.

Product Code	Height mm	Width mm	Length mm	Capacity (litres)
OLY-1P	1120	600	1170	180
