LANDSCAPING RANGE

8-35mm Contract Ornamental Bark

Our bestselling bark, combining quality and value. 100% British mixed conifer bark with a high percentage of spruce. Suitable for all landscaping applications.

5-35mm Ornamental Bark

High-quality mix of pine, Douglas fir and larch bark. For a neat and decorative finish in professional and domestic landscaping applications. Rich mid-brown in colour.

10-65mm Medium Amenity Mulch

Semi-ornamental bark with a large particle size, this is an ideal long-lasting, course-grade mulch. Produced from mixed conifer bark with a high percentage of spruce. Dark brown in colour with a woody fragrance.

Fine Composted Bark

100% British mixed conifer bark with a high percentage of spruce. A great single-season ornamental mulch and soil conditioner.

5-75mm Amenity Bark

Versatile, high performance, mixed conifer bark. The choice of professional landscapers. Dark brown in colour.

5-35mm Spruce Ornamental Bark

Versatile conifer bark. Perfect for landscaped areas and garden borders. Dark brown in colour.

Woodland Mulch

Economical alternative to bark. Made from composted woodchip (soft- and hardwood). Composted for a minimum of six weeks until all green is removed.

18-35mm Pine Ornamental Bark

High-quality bark for professional and domestic landscaping.

10-60mm Commercial Bark

Good value bark mulch. Produced from mixed conifer bark with a high percentage of spruce, blended 3:1 with PAS100 10-40mm mulch. Mid brown in colour with a mild fragrance.

3/4 inch and 1 inch Ornamental Chipped Bark

Our top-of-the-range spruce bark will deliver a professional finish on prestigious projects. The large particle size ensures longevity. Produced from mixed conifer bark with a high percentage of spruce. Mid-brown in colour with a light, pleasant fragrance.

30-60mm Pine Nuggets

Produced from premium 100% British pine bark. Suitable for use in all locations and with most playground equipment. Red/brown in colour with a rich pine fragrance.

15-65mm Bark Nuggets

Create an instant decorative effect with this chunky redwood bark. Produced from pine, Douglas fir and larch. Rich mid-brown in colour.
