Textured Granite Aggregate Sett Paving

A multi-size range of textured granite aggregate setts. The exposed aggregate in the surface complements sleek, modern developments and adds a touch of class to contemporary public spaces. Suitable for any loading requirement and already employed in a vast range of settings including civil, residential and retail.

This product is available in special machine lay formation packs. This makes automated installation easy, saving time and improving health and safety on large jobs.

NO_x On request, this product can be manufactured using Noxer technology to improve the air quality in the area in which it is installed. For more information please see page 7.
