

La Linia, Light Granite, Grey Granite & Indian Granite, Wood Lane

La Linia

Combined Concrete Block and Flag Textured Paving

An extensive range of integrated, complementary block and flag sizes featuring a subtly textured finish. The texturing exposes high quality aggregates in the surface, which catch the light to create a premium finish. Combining the colours and sizes in different permutations allows for truly creative laying options. La Linia is ideal for pedestrianised areas, but in addition the block paving elements are suitable for occasional overrun by HGV's.
