

STORAGE CONTAINER FOR RECYCLABLE MATERIALS

# CANTO

THE ART OF  
THROWING  
AWAY

# DESIGNED FOR THE ENVIRONMENT

## GOOD-LOOKING

Canto has a stylish slim design which is available with 2, 3, 4 or 5 insertion openings for different waste streams. It takes a lot of waste and recyclables but does not need much space and can easily be integrated even in narrow passageways and office corridors.

Canto's smooth surface has no visible seams. Canto is available in brushed stainless steel and in combinations of white coating with stainless steel surfaces.

Cup Collector easily exchangeable

## SUSTAINABLE

Better pre-sorting of waste means optimisation of recycling. By using Canto you create best conditions for a good separation of recyclables and thus a higher recycling ratio.

Canto combines high functionality and ergonomics with eco-friendly design and materials. It is the perfect solution for offices or public spaces like train stations and airport terminals.

## FUNCTIONAL

- Liquid-tight
- Removable 30 L inner containers
- Surfaces are easy to clean
- Covers are attached to the body with hinges, which can be locked in any position
- An easily operable and hygienic solution
- Ready-to-use delivery, each bin individually packed
- All parts are replaceable
- Adjustable bin feet
- Dishwater safe cup collector

## ENVIRONMENTALLY FRIENDLY

- A sustainable solution for environmentally oriented companies
- 100% recyclable
- High quality for a long product life
- Economical and ecological - a single waste container replaces a large number of waste-paper baskets
- Fewer rubbish bags needed
- Better exploitation of recyclables due to the higher sorting accuracy which in turn leads to a higher recycling ratio
- The inner container is made from 100% recycled HDPE
- The outer bin is manufactured from 30% recycled steel

## CONVENIENT

The collection of various waste streams becomes much more ergonomic and economic with Canto. The system is modular. Different insertion openings are exchangeable. The marking of the openings is available in many RAL colours. Stickers can be personalised according to wishes and corporate design.

## INDIVIDUAL

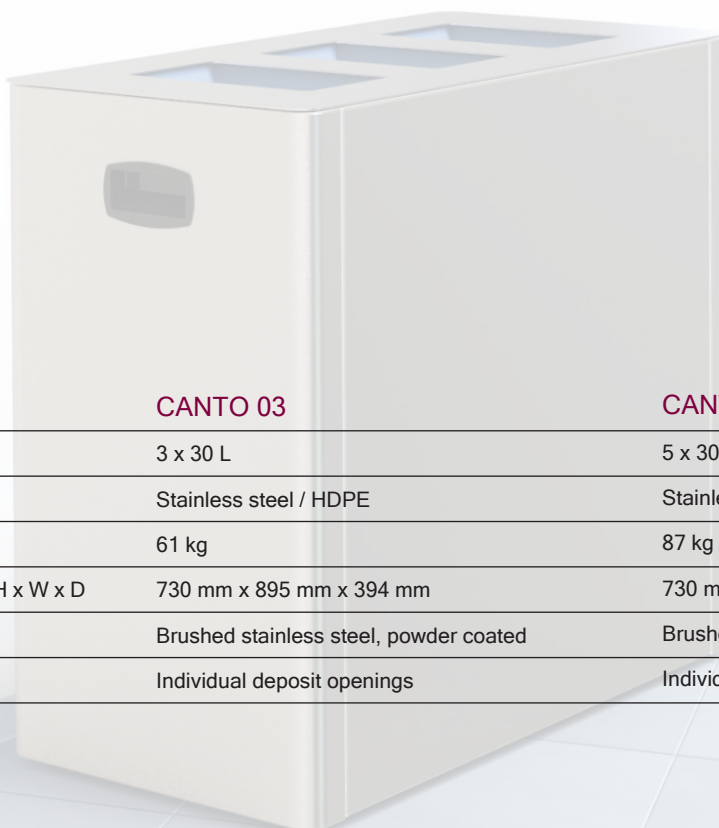

- Various material effects
- Individual design of labels and markings
- Different insertion openings are possible
- Many special colours available
