Seaweed
- **Uses** Pre-seeding or turfing of new lawns.
Feeding an existing lawn.
Important - Do not exceed the recommended application rate.

A professional organic lawn feed, specially designed for use in pre-seeding or pre-turfing applications.

Features

Resealable safe storage container.
Slow nutrient release – provides nutrients for up to 3 months.
Nitrogen to promote healthy leaf growth.
Phosphorus, Humates and Trace Elements to keep roots healthy.
Potassium to aid water absorption.
Magnesium Oxide aids in the production of chlorophyll to encourage a lush, green colour.
Zeolites for nutrient retention.
Can be applied to bare soil prior to turfing or seeding, or as a top dressing to recently installed turf.
Can be applied at any time of the year, for best results avoid use during heat waves or drought unless watered well in.
