

Frankton Cycle Stand

Galvanised, Galvanised & Colour or Stainless

The tubular cycle stand, a familiar sight throughout the UK, allows the frame of the bicycle to be secured by the users own security lock.

Suitable for securing two bicycles.

The practical and durable nature of the VELOPA Frankton tubular cycle stand ensures it has been consistently favoured by both specifiers and users since it's introduction in the 2000's. Shown is the galvanised flanged version of the Frankton Cycle Stand.
