

# Harlestone Cycle Stand Galvanised, Galvanised & Colour or Stainless

The VELOPA Harlestone Cycle Stand is a shaped tubular cycle stand. The design allows the frame of the bicycle to be secured by the users own security lock. The Harlestone Cycle Stand is suitable for securing two bicycles. The Harlestone Cycle Stand is available in galvanised steel, Galvanised & Coated or Grade 304 Stainless Steel, with ragged feet for casting into new concrete or flanged feet for bolting to an existing surface.

The practical and durable nature of the VELOPA Harlestone Cycle Stand stand ensures that the stand will complement any environment and offers an aesthetically pleasing alternative to the Sheffield Cycle Stand.
