BURNHAM

Security Interpretation Notice Board

The background features a collection of light gray line-art icons representing various types of signs and furniture. These include a large arched signpost, a desk with a chair, a floor lamp, a rectangular sign on a stand, a bench, a directional signpost with arrows, a sign on a wall, a sign on a post, a sign on a table, a sign on a stand with a circular base, and a sign on a post with a circular top. The icons are scattered across the page, creating a subtle pattern.

Thank You
