## Belluno Bench

Belluno Bench and Sheffield Cycle Stands, PC World, Lancaster

Practical and of excellent value, Belluno is an affordable offering for almost any type of landscape. The rectangular precast concrete bench rests on two concrete legs which are anchored to the seat via two threaded bars, locked using M16 nuts located in recesses in the undersides of each leg.

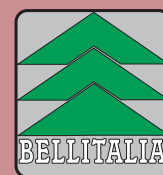

- Manufactured from precast concrete which is vibrated, sandblasted and protected using an acrylic resin coating.
- Supplied to site pre-assembled
- Free standing

Product Description	Seat Span (mm)	Seat Height (mm)	Weight (kg)	Standard Finish	Supplied Assembled	Fixing Method Free Standing	Guide Price
Belluno Bench	1500	400	243	Clear Acrylic Resin	■	■	£425

Minerva Bench **NEW!**

Minerva Bench

## MINERVA BENCH

The simple design and practicality is what distinguishes the Minerva bench from its competition. Minerva is ideal for many applications, including crowded city centres and green parks.

- The bench is manufactured from concrete and is made from a triangular section base and seat.
- The two components are connected via two steel-painted grey anthracite stirrups which are anchored to the concrete.
- The wooden seat is made from four wooden slats. There are three types of wood to choose from: Iroko, Larch and Pine.
- The bench is reinforced, sandblasted and finished with an acrylic varnish.

Product Description	Seat Span (mm)	Width (mm)	Height (mm)	Weight (mm)	Supplied Assembled	Standard Finish	Guide Price
Minerva Triangular Bench without Wooden Cladding	2000	890	480	1170	■	Concrete	£1495
Minerva Triangular Bench with Wooden Cladding	2000	890	480	1170	■	Concrete	£2045

# Precious Stone Seating

Eraclea & Venezia Benches

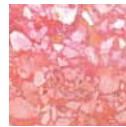

Eraclea Bench, Rosso

- An elegant range of seating manufactured from a fine marble aggregate, polished with a unique technique to leave a smooth finish which is treated with a protective varnish to give a polished effect.
- Manufactured from a fine marble aggregate with a maximum particle size of 25mm, finished smooth and treated with a protective varnish. The supporting feet are sandblasted and painted. Each side features a 40mm diameter brass plate.
- The Aurelia Bench framework consists of steel stirrups anchored firmly to axle boxes. Threaded bars are used to secure the supporting feet.
- All products are delivered to site pre-assembled.
- The Eraclea and Venezia are also available in standard concrete finishes.

## Colours

Precise colour and surface texture should be judged from actual materials rather than photographic representations.
