

Concrete Litter Bins

Boulevard and Strada

Boulevard Litter Bin

- **Boulevard:** A simple and durable litter bin which can meet the demands of today's urban environments. It is available as an open top bin, as shown on the left, or with a rain shield, as shown bottom left.
- **Strada:** A stylish range of concrete street furniture featuring clean lines and simple geometric shapes.
- **Finish:** Available as standard in an exposed silver grey concrete finish but can be supplied in alternative colours and finishes as special order items. For more details on colours please consult the colour swatches for concrete on page 505. Available in brushed and etched standard finishes.
- **Options:** Litter bins come with a range of options, please refer to the table below for details.
- Polyethylene components for litter bins are available ex stock in yellow and brown with other BS colours to order.
