

Energize your crowd

NRG Portable Power offers innovation made easy. Energize your guests with free, clean solar power. Keep them connected, engaged and looking to you as a sustainability leader. The **Street Charge® Station** is an easy way to provide mobile device charging – with the speed of the outlet, and the renewability of the sun.

CHARGE IT ALL

Weather-resistant* connectors for all iPhone® and Android™ models charge up to 6 devices as fast as an outlet.

BRAINS AND BEAUTY

This marriage of form and function pops in any environment.

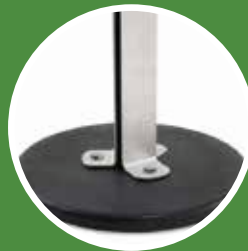

SOLAR POWER

Three 20-watt panels need just 4 hours of daylight to keep the station charged.

YOUR AD HERE

Show off your commitment to sustainability with custom signage.

SECURE INSTALLATION

Set up is easy, with no hardwiring. The station withstands the elements and winds up to 90 MPH.

Powerful Innovation

CHARGE YOUR GEAR

- Tablets
- Phones
- Cameras

- Installation services may be available

TECHNICALLY BRILLIANT

Solar Panels

Rated Power 60W (3 x 20W Panels)
 Open Circuit Voltage 20-22V
 Cell Type Monocrystalline

Battery

Cell Type Li-NMC
 Pack Capacity 168Wh (11V, 15.6Ah)
 Lifecycle Hundreds of Cycles
 Shelf Life Charge every 3-6 Months
 Fuses 15A, Standard Care Fuse
 Management System Charging Low-Battery
 Protection Built-in

Light

LED (output) 12W (6 x 2W Green LED's)

Ports

Micro USB Connector 5V, up to 2A (10W max)
 Female USB 5V, up to 2A (10W max)

General

Weight 821 lbs. (371 kg.)
 Dimensions 63 x 54 x 150in (160 x 137 x 381 cm)
 Operating Usage Temp 32 - 104° F (0 - 40° C)
 Certifications **FC RoHS**

Warranty 1 Year
