

Model Shown: Bespoke 40 cycle capacity

Herston Cycle Shelter

Stylish mushroom shaped shelter can hold up to 26 cycles

- Protects cycles from all weather conditions
- Increasing increments of 1m allow you to choose the size to suit your requirements (additional support is needed after 4m)
- Fibreglass roof is flexible yet sturdy with high UV resistance and will maintain colour density

Specifications:

Frame:

- Mild steel, hot dip galvanised and polyester epoxy power coated
- Supplied complete with Sheffield Toast Racks manufactured from 40mm diameter mild steel. See price grid for cycle capacities
- Available in 7 standard colours (see below). All other RAL colours available on special order
- Maintenance free for 15 years and life maintained for 25 years

Domed Roof:

- High impact fibreglass, outer service gel coated (high UV resistance), underside natural mat finish. Self coloured throughout

Configurations and Assembly:

- Preparation Required: 0.5m hole required to be filled with concrete (Allow one week for concrete to cure before assembly). Hole diameter will differ depending on shelter configuration
- Supplied with full assembly instructions
- Can be self assembled or installed by our installation team. Call **0800 1777 052** for a quotation
