Grey Towers Village, Nunthorpe

Architect
PDP Associated Ltd

Developer
David Wilson Homes

Main Contractor
Wearmouth Construction

The Challenge

Situated in the heart of Nunthorpe, Grey Towers Village consists of a stunning collection of traditional three, four and five bedroom properties ranging in price from £249,995 - £744,500.

Piers Palmer, Owner at PDP Associates Ltd, explained that his objective in designing the project was *“to produce a high quality, luxuriant hard and soft landscape setting that would add kerb appeal to the high-end properties”, and help them look “established as early as possible for selling purposes”.*

Piers commented on the choice of block paving as a hard landscaping material at Grey Towers Village; *“Block paving was ideal for creating focal points, identifying different zones, and avoiding large expanses of tarmac.”*

The Solution

As a possible solution for the development, the Tobermore team introduced PDP Associates and David Wilson Homes to Tobermore’s Tegula Trio block paving.

Tegula Trio is a three-sized product that showcases an aged, antique appearance, and Retro block paving, a slender, tumbled product that produces a European, cobbled look.

 - Plus: Q24 117 Create: 45-20-64/400
 - Plus: Q24 119 Create: 45-20-64/400
- Retro**
 - Plus: Q24 110 Create: 45-20-64/400
- Kerbstone**
 - Plus: Q10 150 Create: 45-20-64/370

Tobermore’s explanation of the difference between its products and other manufacturers was just fantastic. We could see the depth of product colour, the range of colours available, the laying possibilities and the unique aesthetics, such as the tumbled edges of Retro.
