Pick Up Sticks
Age range 2 to adult

Wicksteed - Naturally

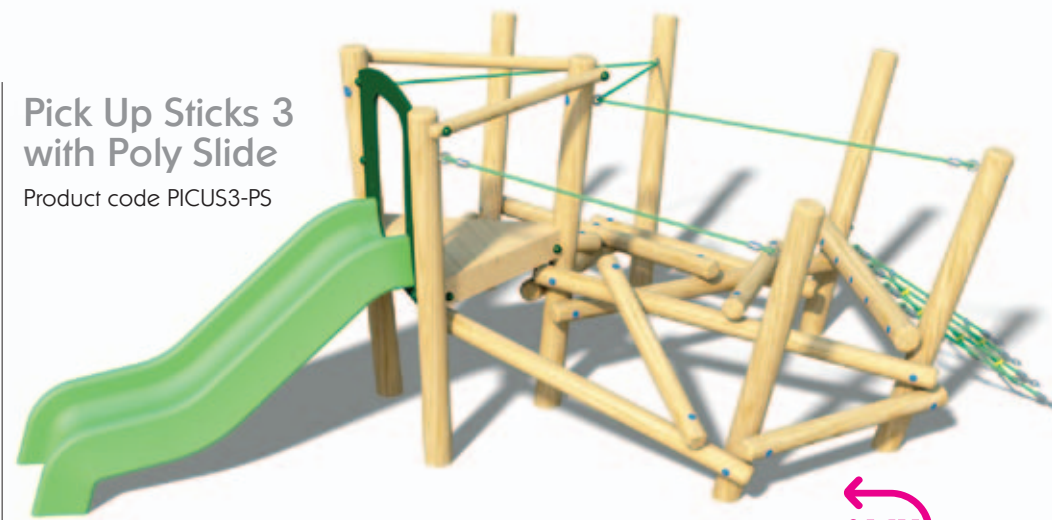

Constructed from tactile, robust timber the intricately twisted formation of interwoven logs and strong steel-reinforced rope gives Pick Up Sticks a quirky and physically challenging dimension.

The structural timber, sourced from FSC managed forests, is pressure treated using a micronized osmosis process - thus enabling Wicksteed to guarantee the timber structure against rotting for 15 years.

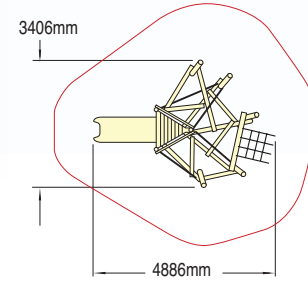

Pick Up Sticks 3 with Poly Slide

Product code PICUS3-PS

NEW

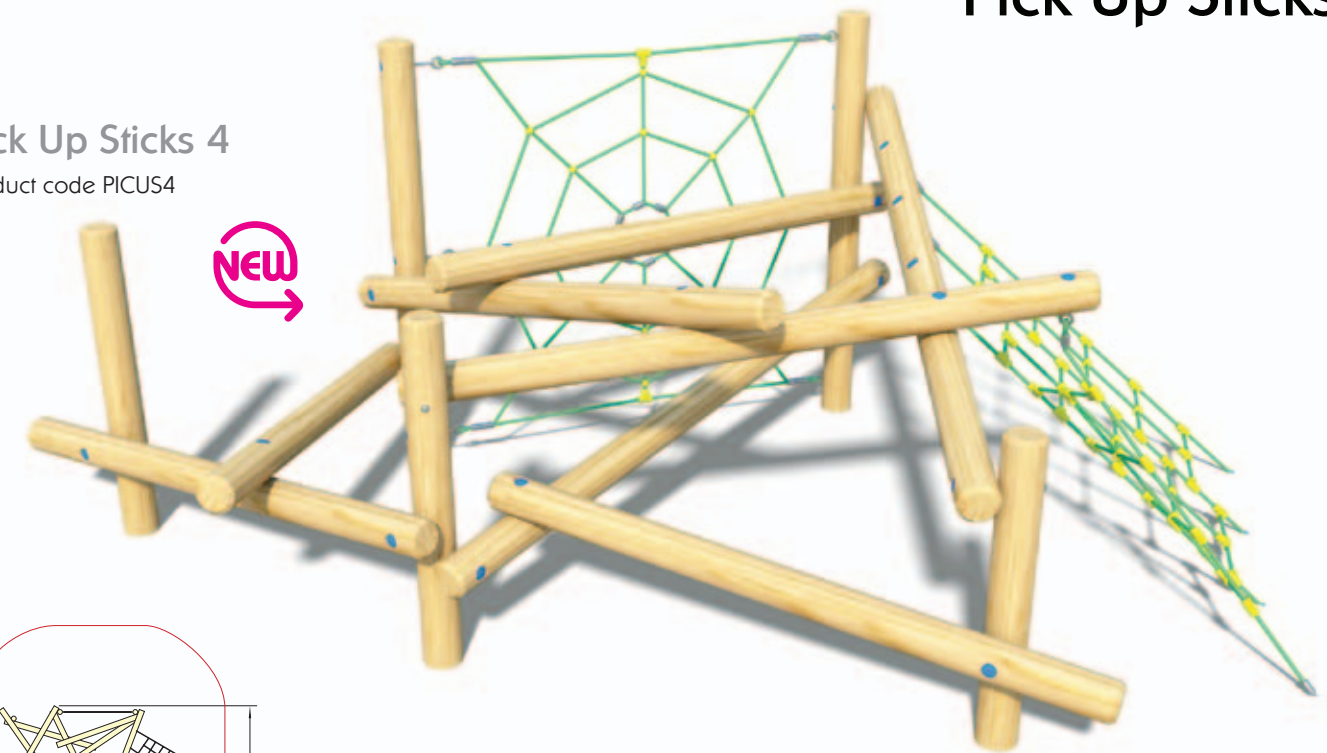

Wet Pour Safety Surfacing
0.9m FFH: 34m² x 40mm

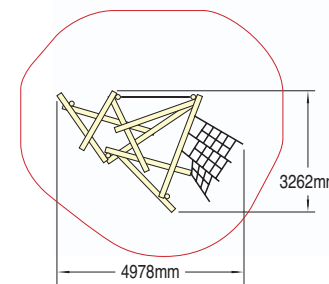

Pick Up Sticks
