

StyleGuard-DTV

Description

StyleGuard-DTV is a general-purpose railing system featuring sophisticated and stylish vertical railings. It's ideally suited to schools, play areas, commercial business centres, retail outlets and public spaces with a low to medium security risk.

Vertical bar railings are built to last – both in terms of their aesthetic and the high quality, durable materials they're manufactured from. The StyleGuard-DTV is particularly strong due to its diamond-to-view square profile, and roll steel channel section, so is perfect for when high performance demarcation is required whilst retaining an approachable appeal.

The StyleGuard-DTV is available in heights of up to 3m is available with square cut or mitred tops. This railing system is secured in concrete or base plated to surface mounting, and comes with heavy duty welded steel caps, to ensure resiliency and resistance against vandalism, cutting and vehicular access.
