

SOUNDSORBA®

ACOUSTIC PRODUCTS

PODSORBA®

Creating quiet spaces in busy environments

PODSORBA® provides a stylish, flexible and cost-effective solution. Choose from the Phone Booth, Duo and Team Pod and Team Booth designs. The range has been designed with straight and bold edges and crafted with acoustically absorbent fabric interior panels. With hydraulically closing doors that quietly seal behind you, the range leaves all concentration and conversation to you.

PODSORBA® Sound absorbing pods and booths

THE WAY WE WORK HAS CHANGED

Creating an environment designed to work for you. PODSORBA® provides a stylish, flexible and cost-effective solution. Choose from the Phone Booth, Duo and Team Pod and Team Booth designs.

Available in fabric as standard, the range has the optional choice for either laminate or veneer exterior for a bold contemporary look.

The PODSORBA® range has been designed with straight and bold edges and crafted with acoustically absorbent fabric interior panels. With hydraulically closing doors that quietly seal behind you, the range leaves all concentration and conversation to you.

PODSORBA® products are designed with a number of standard features including LED lighting, passive infrared sensors and air circulation fans. A range of optional extras allow personalization of the products, including unique multi-touch interfaces, ambient lighting and booking systems.

Unlike other systems the range has no base, making the products safe from trip hazards as well as quick to install. Flexibility is vital and each PODSORBA® product can be used to work within and around your existing office space, school and university study and breakout areas.

PHONE BOOTH

Privacy can be difficult to find in a modern, open plan office.

Providing a peaceful environment for phone calls, video conferences and a silent retreat for uninterrupted work, the PODSORBA® Linear Phone Booth is designed with your office in mind.

Equipped with top of the range acoustically absorbent materials, LED lighting and an air circulation fan, the space is practical and private yet comfortable with the option to stand or sit.

PODSORBA® Sound absorbing pods and booths

DUO AND TEAM POD

Space for collaboration or private one-to-ones are always hard to find in a modern, open plan office environment but PODSORBA® Duo and Team Pods are the ideal solution.

Fully enclosed with a full ceiling and a glazed rear wall, the pods stay light, airy and fresh, yet privacy is all yours. With no compromise on comfort, the pods include top of the range acoustically absorbent materials, a LED ceiling light, air circulation and a passive infra-red sensor.

As a modular system, PODSORBA® Duo and Team Pods can be adapted to specifically satisfy your needs.

Options include a latch handle door and veneer or laminate exteriors. In addition, technology features such as a 10" touch screen control interface, multimedia options and power units are also available.

DUO POD
