

Let's talk. The answer is yes.

Clarendon Bench

Specification:

The Clarendon Bench is a stylish elegant bench constructed from a grade 316 stainless fram which is clad in carefully selected treated Iroko hardwood timber or Douglas Fir softwood.

All of our timbers are sourced entirely from commercially-managed, recognised and sustainable resources.

An annual single coat of varnish or stain is recommended to maintain the quality.

Dimensions:

Length: 2300mm
Width: 450mm
Height: 450mm

Options:

Available as a curved or straight bench on request.
