

## Ealing Bollard

Put the finishing touches to your car park or any outdoor space with the Ealing Bollard, which is fully cast in Ultrathane 6000 and completely finished in black polyester paint, giving it a sharp, contemporary look. The Ealing Bollard also includes an integral mild steel core with 300mm root and an anchoring bar.

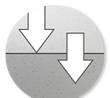

Ensuring that the edge of a structure, car park, or space is easily and properly identified, or for separating areas, these make great solutions.
