

## Multi Groove Stainless Steel Bollard

Root fixed, the Multi Groove Stainless Steel Bollard is a durable, hard-wearing bollard that is well suited to a range of applications such as pedestrian walkways and protected parking areas. Its main body is grade 304 stainless steel, but you also have the option of 316 stainless steel for more aggressive environments such as industrial or coastal areas.

It comes in a brushed satin finish with a dome top, with the options of a bright polish finish, and a surface mounted version is available.
