

Removable Steel Bollard

This bollard stands 900mm above ground, has a 90mm diameter and is fitted with red and white hazard band. It's a popular bollard with our customers and comes complete with a ground socket that fits flush with the surface and extends 300mm below ground.

To lock - lift lid - slide the bollard into the ground socket - engage hasp and staple.

To secure - attach a padlock (padlock not supplied).

To remove dis-engage hasp and staple - lift out bollard with integral handle - close lid to remove trip hazard.

An additional ground socket can be supplied to store removed bollards at another location.

Guide Price: £140.00
H: 1200mm x Dia: 90mm
