

Acrobantico Seat

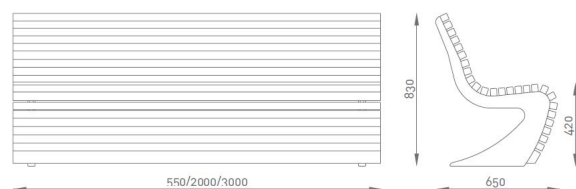

Visually stunning, the Acrobantico Seat provides an arching backrest and is suitable for parks and any number of public spaces. The curved seat base and back rest are formed with timber slats, treated with a preservative and are water proofed leaving a natural colour finish.

Finished in grey forge colour, the frame is ductile iron treated with a unique protector which guarantees a high resistance to corrosion - ensuring that this not only looks great but is superbly fit-for-purpose too.

The seat is anchored to the ground with fixing bolts.

Optional 3 metre long version available.

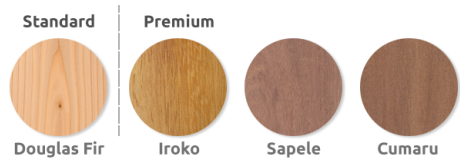

Guide Price: £765.00
L: 1800mm x D: 650mm x H: 830mm
