

Arbor Canopy

Manufactured to suit customer requirements, the Arbor Canopy is constructed from a mild steel frame, hot dipped galvanised as standard and can be powder coated in a wide range of RAL or BS colours.

This is a popular and flexible member of the Bailey Streetscene range of products. The roof is clad with UV stable PET sheeting, and this canopy is available as surface mounted or sub-surface fixed, ideal for a wide variety of purposes and spaces, protecting customers, employees, or pupils from the weather.
