

Shafton Bench

If you need to maximise the usage of available floor space then the Shafton Bench is exactly what you need. It boasts seating capacity for a minimum of 8 people, and is manufactured from 145mm x 70mm treated timber slats. These are secured into a galvanised steel frame with anti-vandal security bolts and the bench is fixed to galvanised steel legs which can be powder coated to most BS or RAL colours.

Surface mounted, an added bonus is that the Shafton Bench can be modified to suit your individual requirements. Looks great, and is a size that means that more and more people can use it. A great addition to your public space.

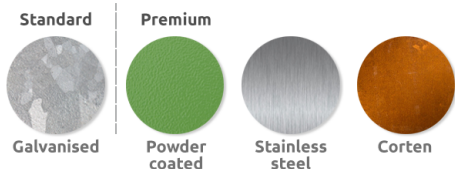

Guide Price: £2,495.00
L: 3000mm x D: 970mm x H: 420mm
