

## 6 Space Cycle Stand

If you're looking for a cost-effective, multi-cycle storage option, then the 6 Space Cycle Stand is an excellent choice. Manufactured from galvanised steel as standard complete with black painted cast aluminium post caps, the 6 racks give an excellent wheel grip and are evenly positioned apart which allows for optimum use of space.

You also get the option of either the product being free standing or anchored to the ground via 10mm pre-drilled (bolts not supplied), and it also has the optional extras of being manufactured as a double-sided version offering 12 cycle spaces.
