

Barcina Planter

The Barcina Planter is manufactured from ductile cast iron with a primed coat. Its grey forge top coat leaves a wrought iron effect that will ensure any outdoor space will be given a sharp, classic twist.

Because it comes in a range of sizes, this is a planter that gives you added options. Whether you're in the market for a vessel to show off a modern contemporary area or possibly looking to brighten up a slightly drab outdoor environment, the Barcina Planter is a planter for all occasions.
